CITY PRIMARY TUESDAY FEBRUARY 5 IN CAMERON

CANDIDATES MAKING FINAL PLEA TO PEOPLE BEFORE CLOSE OF CAMPAIGN.

Tuesday February 5 is election day in the City of Cameron and all candidates are making their final appeal for the support of the people.

Indications are that the vote will be large as about 1100 poll taxes had been paid up to noon Thursday, the last day on which taxes can be paid for 1923.

Both at the city and county tax collectors offices forces were busy waiting on the crowds and money was flowing into the coffers of the government.

In the city primary next Tuesday the interest seems to be centering in the race for city marshal, the present incumbent, Vince Lucas, being opposed by three caididates for the office. They are R. L. Batte, Jr., Ray Robinson, and L. N. Lutz .

In the Mayor's race J. B. White, incumbent, is being opposed by Judd G. Davis.

There are eight in the race for aldermen as follows: H. M. Hefley, W. O. Triggs, C. R. Phillips, Geo. T. Graves, O. M. Smith, J. T. Parma, R. B .Rylander, Felix Matula. Five are to be elected and three are to be eliminated in the race.

On the committee will be found as usual every two years the Democratic executive committee of five to be elected. They are as follows: T. F. Hardy, chairman; J. W. Coleman, Dr. Jas. Watson, Elwood Cammer and S. M. Burns.

Dan Tyson is a candidate to succeed himself. Paul Webb is up for election to the first full term as city attorney and R. D. Brown is a candidate to succeed himself as secretary and treasurer.

WILLIAM BALHORN BUYS THE TRAFFIC EXCHANGE.

William Balhorn, former employe of the Balhorn Wholesale Grocery Company, has bought the Traffic Exchange, conducted for the past two years by C. A. Sprott, and will take charge of the business Friday morning.

Mr. Sprott recently bought the interest of B. F. Bonds in the Tyson-Bonds cold drink and confectionery business and will now devote his entire time to this business. He is Secretary of the Retail Merchants Association and will attend to the duties of this office at the Tyson-Sprott stand.

ASK COMMISSIONERS FOR A HEALTH NURSE

PARENT-TEACHERS ASSOCIATION TO URGE APPOINTMENT OF NURSE.

It is the earnest desire of the Parent-Teachers Association of the city of Cameron to have a County Health Nurse. The teachers and the parents of the Association have felt that we took a backward step when we let Miss Carter, our efficient nurse, go. This was due largely to the fact that we had no source of income for the work we could rely on. But a good work was done. Many cases of distress were relieved and many children cared for an given attention whose very needs would never have been known but for the work of the nurse.

Our nest experienced teachers are loudest in their calls for the health nurse. It is great help in controlling the health of the schools even in our larger towns where physicians are easily accessible. Of how much more value a health nurse will be in the outlying districts.

The county commissioners are allowed by the law to hire a county nurse. The undersigned committee from the Parent-Teachers Association of Cameron expects to go before the Commissioners at the February meeting which comes the Second Monday. We are asking that other Associations and schools of the county interested in this move communicate with this committee or take it up directly with your commissioner.

We have a Ford car in good order and possibly as much as $300 on hand for the work. It will probably cost $2500 a year.

REV. H. R. McFADYEN,
MRS. B. J. BASKIN,
MRS. A. C. FREEMAN.

THE TICKET.

The following is the ticket to be voted on Tuesday February 5, 1924, in the City Democratic Primary election. The official ballot will carry the party test and none but Democrats will be allowed to vote:

For Mayor:
J. B. WHITE
JUDD G. DAVIS

For City Attorney:
PAUL WEBB

For City Marshal:
L. N. LUTZ
VINCE LUCAS
RAY ROBINSON
R. L. BATTE, Jr.

For City Tax Assessor and Collector:
DAN TYSON

For City Secretary-Treasurer:
R. D. BROWN

For Aldermen (5 to be elected):
GEO. T. GRAVES
H. M. HEFLEY
OXSHEER SMITH
W. O. TRIGGS
C. R. PHILLIPS
J. T. PARMA
FELIX C. MATULA
R. B. RYLANDER

For Chairman Democratic Executive Committee:
T. F. HARDY

For Members Democratic Executive Committee:
J. W. COLEMAN
DR. JAS. WATSON
S. M. BURNS
E. L. CAMMER

Offie Atkinson of Jones Prairie visited in the county Capital Tuesday. Mr. Atkinson has suffered from rheumatism since December and is at present on crutches, a condition deeply deplored by his many friends who wish him speedy relief.

Late reports from Paden Cross of Houston, son of Mr. and Mrs. S. P. Cross of this city, who contracted pneumonia the first of the week, are not quite so encouraging. Pneumonia has developed in both lungs but so for there are no complications and he is resting as well as could be expected. His mother and oldest brother, Harrry V. Cross of Greenville, are with him.

A. N. BRYSON IS IN RACE FOR PUBLIC WEIGHER

SEEKS RE-ELECTION TO OFFICE FOR ANOTHER TERM PRECINCT 7.

A. N. Bryson, public weigher in Precinct No. 7, of Milam county, known as Ben Arnold, Burlington, Marak and Walkers Creek, has announced as a candidate for re-election to the office for another term subject to action of the Democratic Primary, July 26, 1924.

Mr. Bryson has served one term in the office and is seeking re-election to a second term, believing in the Democratic precedent of two terms in office.

If re-elected he promises to give the same courteous treatment and fair dealings as in the past. He will make an active campaign for the office.

Mr. Bryson has given satisfaction to the people who have had dealings with him in the office. He is well known in the district and needs no introduction to the people.

E. L. Tucker with the Johns-Manvill roofing company, was in Cameron this week on business and to visit with his relatives.

W. M. Bolling of Atlanta, Ga., arrived in Cameron Friday of last week to accept a position with the Auditorium Barber Shop. Mr. Bolling is a barber of long experience and is very proficient in his trade.

Eugene McLendon and Walter Smith, prominent citizens of Ben Arnold were transacting business here Tuesday.

Stevens And Brashear Are Given Sentences

Wessley Stevens and Jim Brashear tried on charges of manufacturing intoxicating liquor were found guilty by juries in the District court and given sentences in the state penitentiary. The cases have been appealed to the higher courts.

Stevens was found guilty and given two years and Jim Brashear was found guilty and given one year. Stevens was also convicted of aggravated assault and fined and given a jail sentence in another case in which it was alleged he shot W. H. Little, a deputy sheriff of Buckholts.

Prosecution in these cases were conducted by A. J. Lewis and the defendants were represented by Chambers, Wallace & Gillis.

The indictments grew out of a raid made by Sheriff Rogers and Deputy N. O. Kennedy and W. H. Little on the Stevens and Brashear farms on the Waco crossing road west of Cameron.

In the trial of the case the Ku Klux Klan was brought into the proceedings and each juror was asked if he belonged to the organization. The juries were composed of both Klansmen and Non-Klansmen.

LYCEUM NUMBER ON TUESDAY FEBRUARY 5TH

EL DAY QUARTETTE AT YOE HIGH SCHOOL IN CAMERON.

There is no more popular group of entertainers than a male quartet, when it is good one. The El Day Quartet, which will appear here on Tuesday evening at the Yoe High Auditorium is one of the finest organizations of its kind on the road today.

Each member of the quartet is a vocalist of experience in recital fields. Each has attained prominence as a soloist, but all were chosen with the idea of as near a perfect blending of voices as could be obtained. The result is a perfectly balanced group of four extraordinarily fine voices.

Dan Baker, the first tenor and manager, was formerly a member of the faculty of the Louisville Conservatory of Music. His training has been entirely American, and his achievements, both as a recitalist and as a teacher, are a vital testimony of what can be accomplished under the guidance of American voice teachers.

Julius Neithaus, second bass, is a man of striking personaltiy. His vioce has fine tonal quality and is of remarkable range, reaching from low "D" to middle "F." He was formerly soloist at the Third Presbyterian church in Chicago, and lately has done extensive recital work.

Ord Hohannon, second tenor and impersonator, is well known over the Lyceum field through his association with the "Bohannon's" who toured the United States and Canada. He has enjoyed splendid training under the finest teachers of Europe. In addition to his vocal artistry, his character delineations are well known and always greatly enjoyed.

Alex Callam, baritone and pianist, is a young concert artist of unusual promise, both in vocal attainments and in piano-forte as well. His playing is one of the most enjoyable features of the program.

Hear the El Day Quartette at Yoe High on Tuesday evening Feb. 5.

SPECIAL SERVICE AT BAPTIST CHURCH IN MONTH OF FEBRUARY.

Beginning Sunday at the Baptist church special evangelistic services will be held conducted by the Pastor, Rev. E. S. Hutcherson.

The Sunday night services will be of especial evangelistic nature and the church has been called to a great co-operative effort in a soul winning campaign.

On last Sunday night nine additions were made to the church, seven being conversions at the evening hour service.

Prayer is being stressed at the midweek meetings preparing for the coming soul winning effort in the month of February.

Special attention is being given to the orchestra, a number of new members being added to the organization.

BOOST WILL EDWARDS FOR LIEUT. GOVERNOR

DENTON CITIZENS GATHER TO AID STANARD OF NEWSPAPER MAN.

Mre than 500 persons, said to be the largest crowd ever assembled in Denton county for the purpose of forming a political club, gathered in the district court room at 2 p. m. Friday to organize a Will C. Edwards for Lieutenant Governor Club in Denton county. Persons from practically every walk of life—farmers, merchants, clerks, lawyers, doctors, school teachers, mechancs, preachers and housewives—were there. Delegations from practically every community in the county made up the enthusiastic band of Edwards' supporters. A delegation from Wise county also was there to offer its support and that of friends and neighbors, to the Denton county candidate.

A petition, signed by more than 1500 persons who indorsed the candidacy of Edwards and approved of the plan to form a club in Denton county to work in his behalf was exhibited. The petition was placed in the business houses in Denton and in the surrounding towns and at the schools and colleges here by friends of the candidate. Many persons, it was stated, had not signed the petition as it was not generally known that such a paper was being circulated.

SUBSCRIBER TO HERALD FOR FORTY-SIX YEARS RENEWS SUBSCRIPTION.

A. M. Vandevere who became a reader of the Herald 46 years ago when it was established in 1878 was in Cameron Thursday and renewed his subscription. Mr. Vandevere says he cannot get along very well without the paper which has become a household fixture in his home.

When this paper was established, said Mr. Vandevere, Ireland had not been elected Governor and Hogg and Culberson came along on the political horizon after he had been a reader for many years.

Mr. Vandevere cast his first vote under reconstruction near his present home and has been a part of history in the making. The Herald feels profoundly grateful for men of this type who through the years of history had held up the standards of a good civilization. Mr. Vandevere will read the Herald all of his life and we wish him many more years of usefulness and happiness on earth.

QUALITY TAYLORS TO NEW LOCATION TODAY.

The Quality Tailors have moved their business from the Herald Building to the Hefley building across the street from the Matula Grocery. They will stock a line of gent's furnishings in their new location where they will have more room and greater facilities.

Mr. and Mrs. Leslie Green visited in Dallas this week.

8,000 County Poll Taxes Paid

Up to noon Thursday 8000 poll taxes had been paid at the office of the tax collector W. A.Bonds for Milam county. It was expected that before midnight Thursday the number would run to ten or eleven thousand.

Tax payments are about as heavy as usual and probably heavier on account of the improved financial condition of the people. This is election year in the county and great interest is being taken in the campaign.

SENATOR JOE BURKETT TO SPEAK IN CAMERON

CANDIDATE FOR GOVERNOR TO TALK TO MILAM DEMOCRATS FEB. 11.

JOE BURKETT

Senator Joe Burkett of Eastland, candidate for the Democratic nomination for Governor, will speak to the Democrats of Milam county on Monday February 11 at 7:30 p. m. at the court house.

In making this announcement the Herald has received the following notice from Senator Burkett:

Senator Joe Burkett will address the voters of Texas at that time, if the weather permits, and all are urgently requested to hear him discuss some of the live issues that confront the people at this time.

Come here him, regardless of whether you intend to support him. His address will be clean, courteous and frank, but to the point. He will indulge in no bitterness or abuse of any character. When you have heard him, you will, at least say he is fair, although you may not agree with all he advocates.

Remember the day and the hour, and make your arrangements to come, and bring someone with you.

Senator Burkett will be here on the date mentioned, regardless of the weather, unless otherwise providentially hindered.

PRESBYTERIAN ENDEAVOR SOCIETIES DOING FINE WORK HERE.

The Presbyterians have been waiting for a long time for the necessary leadership in young peoples work but believe that at last they have found what they need in Mrs. Paul Webb and Miss Gladys Henry.

Mrs. Webb is at the head of the work for the Junior C. E. Society and is doing a great work. Miss Henry is leading in the work of the Intermediate C. E. Society.

The Juniors meet Sunday afternoon and have a society fully orgainzed and hold their prayer meeting and are learning many things as a preparation for useful Christian lives. There are about 20 in the society and right along they are close to 100 per cent in attendance.

The Intermediates meet on Sunday evening just before preaching service. Last Sunday with an enrollment of 22 they had twenty out and one visitor. They also met on Wednesday evening at 7 o'clock to study the Christian Endeavor work.

Young peoples work is hard work, but these two ladies are making good.

While returning from a shopping expedition in Cameron last Friday afternoon, two Rogers ladies, Mesdames Arnold and McLaurin, ran into a ditch on the Ben Milam Highway near Ad Hall. Fortunately, and almost miracuously, the ladies escaped injury but one wheel of the car was completely crushed.

Mrs. Geo. T. Graves and Miss Gertie Graves visited in Waco last week.

A. N. Bryson of Ben Arnold was a Cameron visitor Saturday and while here authorized the Herald to announce him as a candidate for Public Weigher in his precinct.

ANOTHER REDUCTION IN FIRE INSURANCE RATES

REPORTS OF AGENTS SHOW GOOD FIRE RECORD FOR PAST 3 YEARS.

Savings to payers of insurance in Cameron amounting to approximately $10,000 annually will be realized when all improvements have been completed in the construction of water mains and the reduction for a good fire record is given by the insurance commission.

Reports from agents in Cameron now being assembled inidcate that approximately $75,000 is annually paid by the property owners of Cameron. These reports covering a period of three years are being assembled and will be forwarded to the Fire Insurance Commission for a rerating of the city. Already credits which make a saving of about $6000 a year have gone into effect.

Insurance payers in Cameron will welcome this news and all further contracts will benefit from this reduction.

The reduction for a good fire record will re-establish the credit had before the compress fire in 1920.

SANTA FE AGENT TAKES LEAVE; SELLING DELCO LIGHTING SYSTEMS.

H. C. Keith, agent for the Santa Fe railroad in Cameron, is taking a two weeks leave of absence from his duties in Cameron and while on his leave of absence will work Milam county territory on the sale of Delco lighting plants. M. G. Manning is here to relieve Mr. Keith for two weeks.

Mr. Keith has the Delco contract for this county and has sold two plants, one to W. S. Lamkin and another to J. T. Howard, both of these plants are being installed. Mr. Keith will have a demonstration plant which he will carry to the homes of the farmers.

These plants are used for practically every utility on the farm and are used extensively for lighting purposes.

COTTON REPORT.

There were 59,543 bales of cotton, counting round as half bales, ginned in Milam county, from the crop of 1923 prior to January 16, 1924, as compared with 44,080 bales ginned to January 16, 1923.

BASIL McGREGOR,
Special Agent Cotton Milam County.

TO THE PEOPLE OF CAMERON.

It will not be possible for me to see and talk with every voter personally on account of the time required for other duties, but I desire very earnestly to say that I will appreciate the vote and support of the people for a second term in office as Mayor of Cameron.

I have served only one term and have under way a large program of improvements which I desire to see finished. I believe the people of Cameron will recognize that I have made an honest and energetic effort to measure up to the responsibilities of the office and to give them the best possible service.

I have not hesitated to neglect my own affairs to devote time to this office because I believed when elected that I should not accept a responsibility of this kind and not treat it as an obligation binding me to do my very best.

Some people who are opposed to me because of the public improvements that have been made are saying that I am responsible. This is not true. Whatever has been accomplished by the council has been practically unanimous and all tax increases have been voted by the people and not the Mayor. The Mayor has no authority to vote a tax on the people and only uninformed people will make this statement.

Those who care to learn the truth about the tax rate will find that only 10 cents has been levied under my administration and like all subsequent taxes to be levied have been authorized by the people at the polls and any person who makes the statement that I or the City Council is responsible for the tax voted by the people is entirely in error.

J. D. WILSON.

NEW AMERICAN AMBASSADOR.

Mr. F. Kellogg, the new American Ambassador in London who arrived yesterday, took up his duties at the American Embassy this morning.

Photo shows:—Mr. Keliogg at work at his desk at the Ameircan Embassy this morning.

HENRY MCFADYEN WINS IN THE ESSAY CONTEST

CAMERON SCHOOL BOY WRITES BEST THEHE ON SUBJECT.

The essay on "Highway Safety Habits I Should Learn" written by Henry McFadyen, a pupil of the Cameron Grammar school, was selected last week as the best submitted by the pupils of the Intermediate Department, who were contesting for the prizes offered by the National Highway Commission.

The Highway Habit Campaign, sponsored by the National Highway Commission, and open to all schools in the United States, was begun in the Cameron school in November 1923 and has been under the direction of Mrs. Kathryn K. Robbins, English teacher, in the Grammar Grades. Much interest has been manifested by the pupils and about two hundred submitted papers in the essay contest.

From this number, about fifteen were selected and sent to a committee composed of members of the Yoe High School faculty, who were to select the best. To insure fairness, these papers were numbered and no names signed.

This committee selected No. 8, which proved to be Henry McFadyen's paper. This paper has been sent to Austin to the office of State Superintendent Marrs, where a committee will select the best from the number sent from the schools over the state.

The prize for the best essay will be a trip to Washington City with all expenses paid. Valuable second and third prizes will be given.

Henry McFadyen is the son of Rev. and Mrs. H. R. McFadyen of this city and is to be congratulated on the distinction he has already won and should he prove to be one of the successful contensant in Austin, his friends will rejoice with him.

In speaking of the campaign as a whole, Mrs. Robbins stated she felt that incalculable good has resulted as the object was to instill into the minds of the children consideration for the welfare of others as well as for themselves.

EARLIER HATCHED CHICKS ARE THE ONES THAT BRING BIGGEST PROFIT TO FARMER

College Station, Texas, January 29—The early hatched chicks are the onces that make the profitable fall layers. But to hatch chicks early means a little more difficulty in the whole process, demanding more care to secure good results. The eggs must be carefully selected and cared for while being accumulated for hatching purposes. This difficulty, however, does not overbalance the profit of the early hatches.

By hatching chicks early they have the advantage of a longer growing period than those hatched late in the spring or summer. Hot weather retards the growth of chicks, and are therefore less liable to resist the disease and insects that appear as the summer advances. Given the same care and attention chicks that are hatched in February and early March will weigh more, be stronger and more vigorous and fewer will die of disease than those that are hatched in May. A chick develops more rapidly in the first six weeks of its life than any other period. They should be allowed this period of growth before the warm days appear.

By hatching early chicks, surplus cockerels may be marketed for early broilers and fryers at a maximum price. The early maturing pullets will lay early in the fall and be broody the following spring. They also lay heavily at Thanksgiving and Christmas time when eggs are selling at a premium. Both cockerals and pullets will be ready for the fall fairs.

LAURENCE ABSTRACT CO. IN NEW QUARTERS.

The Laurence Abstract Company moved this week from the basement under the County Clerk's office to the rooms over the Moore Grocery store recently vacated by Chambers, Wallace and Gillis. This change gives plenty of room and will be more convenient and comfortable in every way. The business is in charge of H .L. Laurence, Jr., assisted by Miss Inez Tyson.

Prayer.
At 6 p. m. Sunday evening.
Everyone invited.

BUCKHOLTS CHILD INJURED.

The seven year old son of Mr. and Mrs. Seth Corley of Buckholts was struck by an automobile on the streets of Buckholts last Friday afternoon and seriously injured. He was brought immediately to the Cameron Hospital where he received prompt attention but grave concern is felt for the outcome. The injuries are said to be internal.

He is an only child and sympathy is expressed on every hand for the grief stricken parents. The car which struck the child is said to have been from Rogers.

FARM FOR SALE—64 2-3 acres, 2 miles west of Cameron on Tracy highway, with good improvements, 1 good water well, all land level, 45 acres in cultivation, 2 acres in hog pasture, balance in pasture with wood, can be put in cultivation. For information write or see me at Cameron Machine Shop, on Saturdays.

August Michalka,
Box 54. Cameron, Texas.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur it Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

1924 POLITICAL CALENDAR.

The political pots are just beginning to boil, and candidates present and prospective are beginning to bestir themselves. From now until the last primary, the interest will increase more and more and the voters will be the most eagerly sought after persons to be found—that is as far as the candidates are concerned. For the benefit of all interested, we publish below the principal provisions of the laws governing the holding of elections and the right to vote.

January 31.—Last day for the payment of poll taxes. Voters must either hold a poll tax receipt or an exemption certificate. Husbands or wives may register, the one for the other.

February 18 — Commissioners' Court appoints election judges.

March 10—County Tax Collector certifies poll list to County Clerk.

April 1—County Clerk certifies to county election board poll list and exemptions by precincts.

May 3—Delegates chosen by precinct convention to attend county convention which will choose delegates to State Convention, held on May 27 to elect delegates to national convention.

June 9—State executive committee certifies to county chairman names of candidates for State office and fixes date of State Convention.

June 14—Last date of filing by candidates for county and precinct offices.

June 16—County committee decides on order in which names are to appear on primary election ballot.

June 23—Last day for payment of fees by candidates.

June 26—Within not more than thirty or less than twenty-three days before the primary, candidates and their managers shall file first expense accounts.

July 14—Subcommittee for county makes up primary election ballot.

July 6—Within not more than twenty nor less than ten days before the primary, voters who desire may arrange through a notary public to cast an absent ballot..

July 16—Last day for casting of absentee ballots.

July 14—Second statement of campaign expenses must be filed under the same conditions as those governing the first statement of June 26.

July 26.—Primary election day. Also Precinct Convention day for both Democrats and Republicans. Election hours, 8 a. m. to 7 p. m. On this date also begins the period, lasting until August 5, during which final statements of campaign expenses must be filed.

July 30—Last day for making of returns by election judges.

August 2—Returns canvassed by county committees.

August 3—For a period of ten days absentee voters may arrange for casting of ballots in second primary.

Expense Accounts—Condidates in the second primary must file their first expense accounts between July 26 and August 1. Between the dates August 11 and August 15, second filing of expense accounts must be made.

August 11—Commissioners Court appoints judges of second primary.

August 23—Second primary election.—Honey Grove Citizen.

Top Notch Cedar Post 6½ ft.—7 ft.—8 ft.

(Our Cedar is from Virgin Brakes with minimum of Heart wood.—Sap in Cedar is no better than Sap in any other wood.)

CAN YOU AFFORD TO WAIT?

Jeter Lumber Company

Cameron, Texas.

THORNDALE LAWYER IS OUT FOR LEGISLATURE

W. K. GALBREATH, JR., SAYS ANNOUNCEMENT WILL BE FORTHCOMING.

W. K. Galbreath, Jr., of Thorndale attorney at law, announced Tuesday while in Cameron that he will be a candidate for the office of Legislator from Milam County, subject to action of the Democratic Primary on July 26, 1924.

Mr. Galbreath says that he is working on his platform and will announce it to the public in the near future.

He has been practicing law in Thorndale for the past three years and is a graduate of Cumberland University and the University of Texas.

He is a young man and well known to the legal fraternity of the county. He promises to advocate good and sound principles, among them tax relief which he says is the greatest question before the people of Texas today.

AN INNOVATION.

Over in Milam county, Texas, there is a common school district, the patrons of which live and maintain their existence by raising cotton (as is common throughout Texas.)

The patrons say, in order to eliminate some of the friction which now exists between the education of their children and their basic industry, they will open their next term of school on the first Monday in January, 1925, for the following reasons: First, that they may have in attendance, at the opening of the term, 100 per cent of their enrollment. Second, to obviate the necessity of having to borrow the money necessary to pay two, and often three months salaries of the teachers, and thereby having to pay interest on same. And further save to their fund one-half of the fuel bill necessary to their children's comfort. And further—the patrons will have their chlidren's help in the fields at a time of year they are most needed—thus avoiding the necessity of bringing into the community an undesirable class of people, to help gather the crops. And as a further reason the children will be saved the time and expense consumed in the two greatest holidays of the year. It will further save fifty per cent of the patrons from a sad and humiliating answer, when asked if they will be ready to start their children at the opening of school: "No not ready, no suitable clothes to wear, will have a pick out some cotton fiirst." Which virtually means that half of our rural children are deprived of all the term previous to Christmas, as it is now taught. All because we do not, by legislation or adoption, move up the beginning of our scholastic year to correspond with that of our calender year.

There are other good and valid reasons that could be offered why we should adopt the above suggested change, but we desist, and ask criticism, suggestions or discussion, through the press or otherwise of the above suggestion.

A PATRON.

AMERICA NOT INDIFFERENT

By FRANCIS H. SISSON, Chairman, Public Relations Commission, American Bankers Association.

While the facts justify the belief that the financial and general economic strength of the United States is so great that it creates a stability here which cannot be seriously shaken by the adverse conditions in Europe, it still remains true that an attitude of indifference to these distressing conditions is unworthy of the American people. In fact, I believe that such indifference does not exist. The nation is observing with deep interest the pregress of events abroad and has given many evidences of a readiness to aid in restoring normal conditions there whenever it is seen that a suitable opportunity is afforded.

© U. & U.
Francis H. Sisson

Our people have naturally been reluctant to act while the European nations still fail to display the will to accept the only terms on which rehabilitation is possible, and to abandon their mutual hatreds and distrusts, their persistence in preparation for further warfare, and their destructive political and financial policies. Such policies have so weakened the credit of some of the continental nations that the task of aiding them seems futile until it is clear that these policies are discredited and disowned by them.

Although it seems clear from the record of recent years that America more perhaps than any other country, has been and will continue to be able to adjust itself without serious disaster to the conditions created by European depression, and has in its own vast domestic market and in other non-European markets an outlet for its products adequate to maintain a fair degree of national prosperity, the fact remains that it is very definitely to the selfish interests of the United States to have Great Britain and the European continental countries regain their normal prosperity at the earliest possible date. They normally absorbed between 60 and 70 per cent of American exports but recently have been taking less than 50 per cent.

Moreover, the rich contribution which Europe has made in the past to the upbuilding of other parts of the world, including the United States, would seem to create a genuine obligation upon other countries to come to its aid in the present period of difficulty. General well-being throughout the entire world will be diminished to a degree as long as Europe is unable to play its part in production and consumption of valuable products. It possesses vast resources of skill and equipment for the production of useful commodities in demand by all nations, and loss continues while these resources are limited in their use by poverty and by adverse political and social conditions.

That the share of the United States in this loss is relatively small should not preclude an active interest in every promising effort that may be made to restore the European nations to economic and financial health.

FIRST METHODIST CHURCH.

At the eleven o'clock hour the pastor will speak on the subject: "The Sarcrament of the Lord's Supper." At the close of the service we will administer the Sacrament of the Lord's Supper.

At the evening hour, 7:30, the subject will be: "The Conversion of Zochias."

PASTOR.

BISHOP QUIN HERE SUNDAY.

Bishop Quin, a well known Episcopal minister of Houston, preached for the Episcopal congregation in this city Sunday, delivering two splendid discourses at the morning and evening hours of worship.

NOTICE IN PROBATE.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Milam County—GRETING:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Milam county, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the welfare of Walter Nash Burns, a minor, Mrs. Lizzie Burns, has filed an application in the County Court of Milam county, on the 11th day of October 1922, for the guardianship of the estate of said Walter Nash Burns, a minor, which said application will be heard by said Court on the 4th day February 1924, at the court house of said county, in Cameron, Texas, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Cameron, Texas, this 12th day of January 1924.

H. M. ROARK, Clerk,
County Court, Milam County, Texas.
By J. O. Hughes, Deputy. 37 2t

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rowles Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

1924 POLITICAL CALENDAR.

The political pots are just beginning to boil, and candidates present and prospective are beginning to bestir themselves. From now until the last primary, the interest will increase more and more and the voters will be the most eagerly sought after persons to be found—that is as far as the candidates are concerned. For the benefit of all interested, we publish below the principal provisions of the laws governing the holding of elections and the right to vote.

January 31.—Last day for the payment of poll taxes. Voters must either hold a poll tax receipt or an exemption certificate. Husbands or wives may register, the one for the other.

February 18 — Commissioners' Court appoints election judges.

March 10—County Tax Collector certifies poll list to County Clerk.

April 1—County Clerk certifies to county election board poll list and exemptions by precincts.

May 3—Delegates chosen by precinct convention to attend county convention which will choose delegates to State Convention, held on May 27 to elect delegates to national convention.

June 9—State executive committee certifies to county chairman names of candidates for State office and fixes date of State Convention.

June 14—Last date of filing by candidates for county and precinct offices.

June 16—County committee decides on order in which names are to appear on primary election ballot.

June 23—Last day for payment of fees by candidates.

June 26—Within not more than thirty or less than twenty-three days before the primary, candidates and their managers shall file first expense accounts.

July 14—Subcommittee for county makes up primary election ballot.

July 6—Within not more than twenty nor less than ten days before the primary, voters who desire may arrange through a notary public to cast an absent ballot.

July 16—Last day for casting of absentee ballots.

July 14—Second statement of campaign expenses must be filed under the same conditions as those governing the first statement of June 26.

July 26.—Primary election day. Also Precinct Convention day for both Democtrats and Republicans. Election hours, 8 a. m. to 7 p. m. On this date also begins the period, lasting until August 5, during which final statements of campaign expenses must be filed.

July 30—Last day for making of returns by election judges.

August 2—Returns canvassed by county committees.

August 3—For a period of ten days absentee voters may arrange for casting of ballots in second primary.

Expense Accounts—Condidates in the second primary must file their first expense accounts between July 26 and August 1. Between the dates August 11 and August 15, second filing of expense accounts must be made.

August 11—Commissioners Court appoints judges of second primary.

August 23—Second primary election.—Honey Grove Citizen.

NOTICE IN PROBATE.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at leas once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE.

THE STATE OF TEXAS.

To all Persons interested in the Estate of Gerring Manley, a boy 14 years of age, Robt. Manley, a boy 12 years of age, and Bessie Manley, a girl nine years of age. G. W. Manley has filed in the County Court of Milam County, an application for Letter of Guardianship in the Estate of the above named children which will be heard on the 4th day of February, 1924, at the Court House thereof, in the City of Cameron at which time all persons interested in said Estate may appear and contest said application, if they see proper.

Here fail not, under penalty of the aw, and of this Writ make due return.

Given under my hand and seal of office, in the City of Cameron the 8th day of January A. D. 1924.

Attest: H. M. ROARK,
County Clerk of Milam County.

County Court, Milam County, Texas.
By J. O. Hughes, Deputy. 37 2t

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Chills, & Stomach Trouble

MR. N. A. SMITH, of Shaw, Miss., says he can't remember being without Thedford's Black-Draught liver medicine since he and Mrs. Smith began keeping house, many years ago. "When we have chills," says Mr. Smith, "Black-Draught is what we use and we find it just splendid. I had a bad case of stomach trouble. I couldn't eat enough and was very weak. Everything I ate hurt me, formed gas and I spit up my food. I would feel stupid or staggery. I didn't feel like doing any work. I knew what Black-Draught had done in colds and I began taking small doses. I certainly got relief. It did me lots of good.

"When I go to town, I look first to see how near out of Black-Draught we are, and then get more. We are a good way from the doctor and keep our home remedies and the main one is Black-Draught."

In hundreds of thousands of homes, housekeepers keep Black-Draught on the shelf, handy for use when needed, as a household remedy to relieve constipation, biliousness, indigestion, and many other simple ailments. "A dose in time saves nine." A dose of Black-Draught costs only one cent. It may save you a big bill for medicine later on. Keep it on your shelf. Buy it at your store.

Lucas Refutes False Report

Because of the circulation of a report by my political enemies in Cameron to the effect that I brutally beat an aged negro woman while in the discharge of my duty in removing from her home a notorious white prostitute, Lenna Wells, I take this method of denying the report and respectfully refer the people of Cameron to the following gentlemen who were witnesses present and who have consented to the use of their names in refuting this statement:

PAUL WEBB, City Attorney
P. Pakdick
H. N. Tate

The statement being circulated by my enemies is so manifestly false that it is hardly possible that any citizen of Cameron would believe it, but for fear there might be some who would become poisoned by this report, I publicly and in this manner desire to give the facts in this case.

These gentlemen who were present at the time can verify what I say and are lending their names to counteract this report. The truth of the matter is that two of these gentlemen, Mr. P. Paddick and Mr. N. H. Tate, came to me and asked for protection because they did not want people of this character residing near their homes and I went to this place and discharged my duty as an officer and at the same time gave protection to the people.

During my two years in office I have not drawn blood from a human being, nor have I hit anyone with a gun or otherwise injured anybody. This is a record that no Cameron City Marshal can claim.

As a result of my work I anticipate that the next two years will be easy for me because I have cleared the city of vice and crime and have done so without trouble of any kind with any person and this fact alone would refute any report that is circulated to injure me among the people, that I have at any time assaulted or mistreated anyone.

I promised the people of Cameron when elected two years ago that crime and immoral conditions would be changed and I invite an inspection of the Court Docket and also of present conditions. I have done everything I promised and more, and a comparison of conditions will prove this beyond question or doubt. Places of immorality that had existed in Cameron for twenty-five or more years are no more. Not a sign or trace of these places remain.

This appeal is addressed to the people of Cameron who gave me the largest majority ever accorded a candidate for City Marshal. I have served the interests of all the people regardless of their station or class and my services have been given fully and freely to all. I have been the City Marshal of all the people and I have been firm and unyielding in the enforcement of the law and will continue to be firm and unyielding.

I take this method of thanking the people of Cameron for their co-operation in the enforcement of the law and the improvement of condtions and to thank them in advance for whatever support and influence they may bring to my candidacy in the present race.

It is probable that I will not be able to see ever voter personally but this will be my personal appeal to those I will not see and I ask their support and vote in the Democratic City Primary Tuesday February 5, 1924.

Vince Lucas,

City Marshal.

SHERIFF'S SALE.

THE STATE OF TEXAS,
County of Milam.

By virtue of a certain Writ of Execution issued out of the Honorable County Court of Milam county, on the 26th day of December 1923, by H. M. Roark, clerk of said court against Mrs. J. H. Gandy for the sum of Two Hundred Nineteen and 14-100 ($219.14) Dollars with 10 per cent interest per annum thereon from Dec. 4th, 1923 and $21.91 attorney's fees and costs of suit, in cause No. 4900 in said Court, styled Schiller Buick Company, a firm of which A. E. Schiller is owner and manager versus Mrs. J. H. Gandy and placed in my hands for service, I. D. S. Rogers as Sheriff of Milam county, Texas, did on the 26th day of December, 1923. levy on certain Real Estate, situated in Milam county described as follows, to-wit:

All that certain tract of land being and situated in the county of Milam and State of Texas and a part of the J. A. De Pena 11 league survey; beginning N. 51 W. 65 vrs. from the S. W. cor. of J. A. Hopkins survey for the N. E. cor. of this survey and running thence S 19 W. 840 vrs. to the S. E. cor. of Elm brs. S. 11 W. 95 vrs. and another N. 88 W. 29 vrs. thence N 71 W. 900 vrs. to a cor. a hackberry tree brs. N 64 E. vrs. and an Elm brs. N. 25 W. 3 1-2 vrs. thence N. 19 E 40 to vrs to a corner an Elm brs. S. 80 W. 4 vrs. thence N. 71 W. 420 vrs. to the creek for the SW. corner an ash brs. S 88 E. 3 vrs. and an Elm brs N. 33 7 1-2 vrs, thence up the creek with its meanders as base line 640 vrs. to a corner, thence S. 19 E. 160 vrs. to the NW. cor. an Elm brs. S 88 E. 2 vars and another brs. N. 53 E. 3 vrs. thence S. 71 E. 1510 vrs. to the place of beginning, containing in all 100 acres of land and levied upon as the property of said Mrs. J. H. Gandy, and on the first Tuesday in February 1924, the same being the 5th day of February, 1924, at the Court House door of Milam county, in the City of Cameron, Texas between the hours of ten A. M. and four P. M., I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. J. H. Gandy by virtue of said levy and said Writ of Execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam county.

Witness my hand, this 26th, day of December 1923.

D. S. ROGERS,
Sheriff of Milam County, Texas
By P. S. Graves, Deputy. 34 3t

Drink Water If Kidneys Bother

Take a Tablespoonful of Salts if Back Pains or Bladder is Irritated

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

MAKES RAPID HEADWAY.

Add This Fact to Your Store of Knowledge.

Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired worn-out feeling, or if the kidney secretions are offensive, irregular and attended by pain, procure a good kidney remedy at once.

Your townspeople recommend Doan's Pills. Read the statement of this Cameron citizen:

H. R. Williams, farmer, says: "My experience with Doan's Pills has been such that I heartily recommend them to anyone who has kidney complaint. I have taken Doan's when I have been suffering with sore muscles and backache. They have always given me the best satisfaction and for that reason, I am glad to endorse them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Williams had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (H)

Cameron Herald $1.50 a year.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

RAY ROBINSON REFUTES CAMPAIGN RUMORS

To the Citizens of Cameron:—

Now that the campaign for City Marshal is drawing near to a close, I take this method of again bringing my candidacy to your attention and of correcting some of the campaign rumors that have been circulated against me.

First—The report is being circulated that I was brought out by, and am the candidate of "the wrong crowd." That report is purely political propaganda. It is wholly untrue, and is used without any basis of fact and only for the purpose of prejudicing my candidacy. The truth is, I am not the candidate of any man or set of men, but am making the race on my own merits and qualifications. The men and women I talked to before I announced were, in every instance, representative citizens of Cameron—Christian men and women of high social, business and religious standing.

Second—The rumor has been circulated against me that, if elected, I will be inconsiderate of the public interest in the appointment of deputies and nightwatchmen. This, too, is campaign poison—another effort to injure me. The truth is, the Marshal does not appoint the deputies or nightwatchmen. The appointing power is with the Cit yCouncil. The Marshal can only recommend a man for appointment, and the Council can either approve or reject such recommendation. If elected, I shall recommend to the City Council for appointment as deputies and nightwatchmen, only active, responsible men, of good character and habits, who have a real interest in the City of Cameron and its peace and quiet, and who will heartily co-operate in the full and complete enforcement of the law.

Third—My platform has been widely circulated, and can be seen on another page of this paper.

Fourth—If elected, I shall do all in my power to make and keep Cameron one of the cleanest and best regulated towns in Texas.

Respectfully,

RAY ROBINSON.

"Miss America" Declares Tanlac Wonderful Health Giving Tonic

Miss Campbell in "Miss America" crown which she has won on two occasions. Photogrph by Atlantic Foto Service.

Miss Mary Katherine Campbell, twice proclaimed "Miss America," has taken TANLAC and endorses it in a statement recently given to the women of America through International Proprietaries, Inc., distributors of this great tonic. In this statement, Miss Ameirca declares that Good Health is the basis of all Beauty, and advises women who would be beautiful to "first find good health."

Her complete statement as given is as follows: "I consider it a great privilege to be able to tell the thousands of women everywhere Health is the basis of all beauty. Wihtout good health, one is apt to be run down, nervous, underweight, high-strung, anemic. Indigestion drives the roses from a woman's cheeks and robs her of that radiant quality of womanhood that is real beauty.

"I have taken TANLAC and I do not hesitate to say that it is a wonderful health-giving tonic. It has brought relief and good health to many women, and with good health one may have a measure of beauty that will overcome shortcomings in face and figure.

"Rosy cheeks, sparkling eyes, a well-rounded figure, a lovable disposition, go hand in hand with good health. To those searching for beauty, I would say—'First of all, Find Good Health.' The TANLAC treatment has proven itself a boon to womankind, and I recommend it."

Miss Campbell has written a booklet on Health and Beauty which may be secured by filling out the coupon below.

INTERNATIONAL PROPRIETARIES, INC.
Department E 85 ATLANTA, GA.

Gentlemen: I herewith enclose 10 cents (stamps will do), for which send me a copy of Miss Mary Katherine Campbell's Booklet on "Beauty and Health."

What the World Is Doing

AS SEEN BY POPULAR MECHANICS MAGAZINE

Cycling on Snow and Ice

SEASONABLY shod with a tread such as that shown in the illustration, the "bike" can be depended upon for winter sport, or ordinary uses over ice and snow. With ordinary tires, cycling is not only hard work, in winter, but precarious; with the tread described here, however, good traction is assured, and the runner makes the machine easily handled.

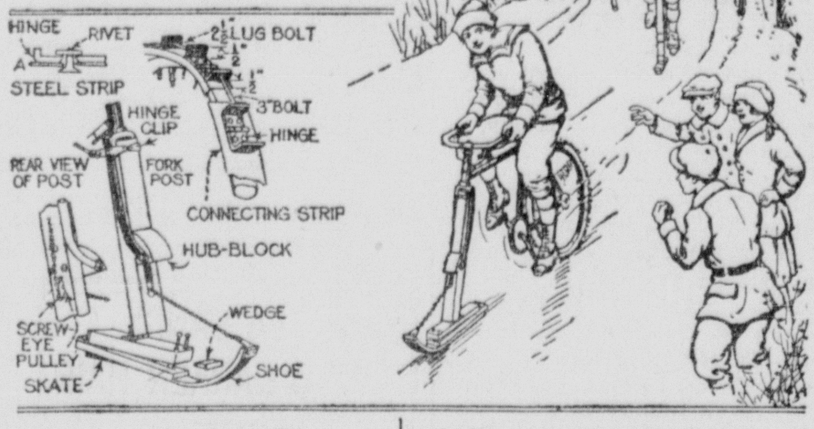
The necessary materials are twenty 1⅛ by 3-in. back-flap hinges; seventeen 5/16-in. stove bolts, 2½ in. long, and four 3 in. long; three strips of 26-gauge galvanized sheet steel, 2 by 30 in.; ½ lb. rivets and washers; a pair of light 3-in strap hinges; a 3-in. T-hinge; a pair of 3-in. butt hinges; a ⅜ by 4½-in. machine bolt; six No. 14 screws, 3 in. long; one 1-in. awning pulley; 2 ft. of steel jack chain, No. 16, ⅝-in. link; one screen-door spring, and a skate. For a 26-in. wheel, one less back-flap hinge is used, nineteen 5/16 by 2½-in. bolts, and one 3-in. bolt.

The twenty hinges are bent at each end at right angles, the lugs being ½ in. long, and the countersunk sides opposite the lugs. Beginning ½ in. from the end of each galvanized strip, rivet the hinges to the strips, using four rivets to each hinge, and keeping them 2 in. apart. Equip two of the strips with seven hinges, and one with six, then connect each hinge to the next with the 2½-in. bolts. Cut the strips with ½-in. ends, center them over the rim of the wheel, and connect the end hinges with the 3-in. bolts. Tighten up all bolts, then, with pliers and hammer, shape the sides of the strips to grip the rim.

From 1-in. ash, cut a runner shoe, 3 in. wide and 25 in. long. Cut down 12 in. at one end to ½-in. or ⅜ in. thick and taper the sides down to 2½ in. wide. Steam the toe, or soak it in hot water, then bend it to shape. The fork post fits below the head and is 2 in. wide and 24 in. long (22 in. for a 26-in. wheel); the hub block is 2 in. thick, 5 in. long, and 3½ in. wide, and is bored to take the machine bolt with the post in place. To fasten the post below the head, shape the 3-in. strap hinges to form a clip, screw to the post and bolt behind the head. With a bit and keyhole saw, cut a ¾-in. slot, centered below the hub block, and extending down 4 in. at the front but only 2 in. at the back.

Cut the piece B of the runner, 2 by 3 in. long, and shape roughly a 3-in. side to fit the skate, placing the heel even with one end. If it is a clamp skate, remove the clamp and either drill screw holes or secure with three 3-in. mending plates as cleats. With the shoe shaped and dry, lay it over the skate with the toe end of B even with the shoulder of the shoe, and locate the skate toe. This point is the limit of the cutout in the shoe for the blade—a slit centered from the heel of the shoe.

Assemble the runner with the toe point of the skate set in about ¼ in. from the



shoe bottom—so that there will be no possibility of "stubbing." At this end there will be perhaps an inch space between B and the shoe. Fit a wedge block here with the heel of the shoe brought up to block B and secure it with two 3-in. screws driven through B, through the wedge, and into the shoe. These must be countersunk 1 in. and a washer or two used under each screw head. At the heel attach a 4-in. butt hinge, three screws into B and screw in each side of the shoe, then cut off any waste heel. At the toe, rivet the 3-in. T-hinge, as shown. Assemble the gear to the post with a 3-in. butt hinge centered on top of the B-block.

The 9-in. spring, pulley, and chain keep the runner "headed up" for easier steering, and safety when "jumping bumps." Back of the post, secure the pulley with a screweye set into the lower edge of the 2-in. opening. Cut the spring to length, and with another screweye, fasten one

end, then connect up the chain around the pulley, through the opening to the hinge on the toe of the shoe. With the runner off the ground, if the spring is pulled down to within about 4 in. of the pulley, the tension should be right.

After trying out this tread for a few minutes, tighten up any hinges on the tread if necessary.

¶Scholars estimate that at the end of the present century the population of the United States will be between 175,000,000 and 200,000,000.

MORE THAN $200 RAISED IN XMAS SEAL SALES

REPORT IS FILED BY MRS. JEFF KEMP ON COLLECTIONS FOR 1923.

The 16th annual Tuberculosis Christmas Seal Sale for 1923 as conducted in Milam County resulted in the collection of $225.17 for the public health. A check for this amount has been sent to the Austin Headquarters of the Public Health Association.

All citizens who bought seals deserve gratitude for their interest in this public health crusade. The sale was managed through the Parent-Teachers Associations of Cameron and Rockdale and the teachers of the public schools of Milam county. The splendid response to the appeal resulted in the following contributions from fifty-three communities of Milam county:

Davilla	$4.35
Pin Oak	2.00
Friendship	1.53
San Gabriel	5.00
Duncan	2.20
Union Ridge	45
Elligon Ridge	1.30
Salty	6.00
Gay Hill	1.55
Watson Branch	2.00
Pleasant Hill	1.55
Millerton	1.10
Hamilton Chapel	1.00
Sipe Springs	85

Thanking each one who contributed to the success of the 1923 Christmas Seal Campaign, I am,

Gratefully,
MRS. JEFF T. KEMP,
Chairman for Milam County.

LIONS CLUB.

The Lion's Club entertained the ladies on Tuseday evening with a banquet in the basement of the Methodist church. Four long tables were prepared for the guests, all decorated in the chosen colors of purple and gold. Around these tables were gathered the chivalry and beauty of Cameron to enjoy the banquet and to listen to the distinguished speaker, Hon. P. L. Downs, banker of Temple, Texas, who had been invited to deliver the address for the occasion. "The Ladies, God Bless 'Em," has long been a favorite sentiment with Mr. Downs, and on this occasion be dotted his remarks with the quotation. A rare and antique Cameron manuscript had fallen into the speaker's hands and he used this as a basis for a most excellent after dinner speech.

Oxsheer M. Smith, the toastmaster, announced that an election for City Marshal must be held and called for nominations

C. W. Read in an eloquent speech nominated Rev. R. S. Marshall while Attorney Paul Webb enthusiastically presented the name of Editor Wm. Cobb for the place. John Hende son was appointed election judge and Mike Coleman tally keeper. After the ballots were taken up they were porperly counted and Editor Cobb declared elected by a majority vote. Mr. Cobb was escorted before the toastmaster where he was invested with all the regalia possible and the insignia of his office including an especially made tin badge containing his title in relief letters. Editor Cobb promised the faithful discharge of his duties and was escorted to his place by Messrs. Paul Webb and Thomas S. Henderson, Jr.

The following program was prepared for the occasion.

Song, America, (first Stanza.
Invocation—Lion R. S. Marshall.
Dinner.
Toastmaster's Say—Lion O. M. Smith.
Vocal Solo—Mrs. A. J. Triggs.
Accompaniest—Mrs. J. L. Clinton.
Election Cameron's City Marshal.
Address—Lion P. L. Downs, of Temple.
Song—America, (last stanza.)
Closing Prayer—Lion Hutcherson.

The Methodist ladies under the direction of the president, Mrs. Pope Sapp, served a three course menu which was thoroughly enjoyed.

Use Blue Star Remedy for Eczema, Itch, Tetter or Cracked Hands, Ring Worms, Chapped Face, Poison Oak, Sunburns, Old Sores or Sores on Children. It relives all forms of Sore Feet. For sale by all Druggists. 4f

RESOLUTIONS:

WHEREAS, the Honorable O. D. Baker, of Milam County, is a candidate before the Democratic voters of Texas for the office of Comptroller of Public Accounts and is asking the support of the people and basing his claim for political preferment on his record as a citizen and a public official whose purpose has ever been to give the best that was in him to the service of the state and society in general, and,

WHEREAS, Mr. Baker throughout his long life spent in Texas has distinguished himself as an upright citizen whose example to the youth of Texas has been clean and worthy of emulation and whose achievements as a journalist laboring for the upbuilding of Texas and the uplift of humanity has been brilliant and potent, and whose career as a Legislator in the 37th and 38th Legislatures is one that has not been eclipsed by any of the leaders of this day, and,

WHEREAS, Mr. Baker, while a member of the Legislature courageously and loyally supported those measures designed to give to the peace officers, members of Commissioners' Courts and other court officials a reasonable and just compensation for the service, and championed just and effective legislation designed to force the collection of delinquent taxes due the state and counties, and for the aid and maintenance of the public school system of the state, has endeared himself to the people and is therefore deserving of substantial reward. Therefore be it,

RESOLVED by the Commissioners' Court of Grimes County duly assembled in public session do hereby endorse the candidacy of the Honorable O. D. Baker, of Milam County, for the office of State Comptroller and pledge to him our active and determined support, and we hereby urge our fellow citizens of Grimes County to do likewise, and be it further,

RESOLVED that these resolutions be given out to the press for publication and that a copy of same be mailed to the officials of every Commissioners' Court in every county in Texas with the recommendation that each and all of them give to the candidacy of Mr. Baker their ardent and active support.

NOTICE IN PROBATE.

THE STATE OF TEXAS
To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not les sthan one year in said Milam county, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the Estate of Frank Fisher, deceased, C. N. Green and Brothers, and Cameron Hospital by W. R. Newton and E. Rischar have filed an application in the County Court of Milam County, on the 22nd day of Jan. 1924, for the appointment of an adminstrator of the Estate of Frank Fisher, deceased, which said application will be heard by said Court on the 4th day of February 1924, at the court house of said county, in Cameron, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Cameron this 22nd day of February 1924.

H. M. ROARK, Clerk,
County Court, Milam County, Texas.
By J. O. Hughes, Deputy. 38-2t

Pain In Back & Sides

"FOR A LONG TIME," says Mrs. Dora Payne, of Huntington, Tenn., "I felt listless, tired and worn-out. I did not feel like doing my work, visiting or anything.

"I suffered much pain in my back and sides. My limbs hurt, my knees would tremble without apparent cause and I would have to sit down.

"I was very nervous. . . . I would have a tired, dull headache.

"I had read so much about Cardui I asked my husband to get it for me. The very first bottle seemed to help me. After the second . . . I was better than I had been in months. I certainly can praise Cardui.

"I have taken three bottles. Now I hardly wait, when the sun shines, to garden. I am feeling fine."

Similar results to those described above have been reported by thousands of other women. Cardui's 40 years of success should encourage you to give it a thorough trial for the relief of any common female ailments.

For sale everywhere.

BAPTISTS REPORT $48,172,806 IN CASH

FORWARD MOVEMENT BRINGS IN LARGE SUM FOR MISSIONS, EDUCATION AND BENEVOLENCES.

ASK FOR $27,000,000 MORE

This Sum Needed to Complete Campaign Quota by End of 1924—People Are Called to Prayer.

DR. L. R. SCARBOROUGH
Who Will Lead Southern Baptists in Raising $27,000,000 in 1924.

Up to December, 1923, Southern Baptists had paid in on their subscriptions to their 75 Million Campaign the sum of $48,172,806.72, it is announced by the Campaign headquarters in Nashville. Four years of the five-year period have now expired, leaving approximately $27,000,000 to be raised by December, 1924, if the original Campaign objective is to be reached.

In the hope of obtaining this amount of money for the further advancement of all the general missionary, educational and benevolent enterprises fostered by Southern Baptists, the Campaign Conservation Commission has inaugurated an intensive effort that it is expected will reach every state district association and local church in the territory of the Southern Baptist Convention during this year.

Dr. L. R. Scarborough, who was general director of the original Campaign organization, has been asked to return to the Nashville headquarters from his home at Fort Worth for this closing year of the forward movement and give his personal attention to the direction of the special effort that will be waged for collecting the full $75,000,000 by the time the period for the program expires in December next. Dr. Scarborough, through the assistance of the various state and associational workers, will seek to enlist every Baptist in the South in some definite share in this closing year of the Campaign.

Baptists Have Big Income

While the goal that has been set for 1924 is considerably larger than any that has yet been attained by Southern Baptists in a single year, Dr. O. E. Bryan, budget and stewardship director of the Campaign, announces that Southern Baptists have an annual income of at least $1,500,000,000, and he and the various state stewardship diretcors will continue their effort in enlisting the local churches in the matter of systematic and proportionate giving, with a view to developing Southern Baptists to the point that they will give according to their means, and give regularly week by week. A tenth of the Southern Baptist income, if given to the denomination, would make available for religious work each year the sum of $150,000,000.

Each State Has Had Share

Indicating the sources from which the money already collected on the Campaign has come, the following contributions by states are announced: Alabama, $2,206,071.06; Arkansas, $1,667,304.13; District of Columbia, $233,827.81; Florida, $796,783.73; Georgia $4,389,440.02; Illinois, $564,416.95; Kentucky, $5,091,181.78; Louisiana $1,195,977.19; Maryland, $599,451.11; Mississippi, $2,494,281.79; Missouri $2,020,075.46; New Mexico, $199,325.22; North Carolina, $4,089,732.45; Oklahoma, $1,206,943.76; South Carolina, $1,002,527.60; Tennessee, $3,117,153.25; Texas, $7,320,697.61; Virginia $5,184,003.76; and specials from all sources, $1,693,608.04.

On the basis of distribution agreed upon by the various states the following amounts have gone to the various causes co-operating in the Campaign: State missions, $8,671,105.17; home missions, $7,225,921.01; foreign missions, $11,561,473.61; Christian education, or 119 Baptist seminaries, training schools, colleges and academies $13,488,385.87; 21 Baptist hospitals $2,167,776.29; 19 Baptist orphanages $3,372,096.47; and ministerial relief $1,686,048.22.

After conference with the general missionary, educational and benevolent causes which are embraced in the Campaign, Dr. Scarborough announced that raising of $27,000,000 in 1924 will not only enable all Southern Baptist enterprises to meet all their obligations but to make large advances at [illegible] road as well.

COMMISSIONERS' COURT ISSUES ELECTION ORDER.

The Commissioners' Court has ordered an election held in this, Road District No. 6, for March 7 to determine whether bonds shall be issued for road improvement in this section of Milam county. The amount to be voted is $125,000 and it is to bear interest at not more than 5 1-2 per cent, and to mature at such time as may be fixed by the court, serially or otherwise, not to exceed thirty years. Many who favored the bond issue hoped that the district would be able to issue more than $125,000, but this was found to be all the property valuation would stand, as at present incumbered, if the bonds were sold at par, a thing required by law.

Now that the election has been ordered public sentiment has begun to form, and while yet in the embryo stage, interest is being manifested pro and con on the matter.

The petition and order has been criticised by some because the order does not state specifcally what roads will receive this work and the exact milage to be constructed. Others find no fault with the order on this account and are willing to leave it to the discretion of the Commissioners' Court and the committee of citizens from the road district which will be appointed to work jointly or co-operatively with the court in expending the funds provided by the bond issue. This difference in viewpoints it seems to the Champion is too technical as to render it of little merit economically, and it is hoped that these differing views can be harmonized and all forces united as one big, good natured family works together to make the home more comfortable, more attractive and a better place in which to live, each for all and all for each, so to speak. Let us do that!

In view of the fact that "no man liveth to himself," it is obvious that we should work together for a mutual benefit which each working separately and independently cannot secure for himself, even though he might intend to use it for public benefit. Man is a social being and so constituted that he must be largely dependent upon his fellows for his existence, to not mention his happiness and prosperity.

He might succeed in providing his own food, but it is not likely that he could provide his own home comforts—and certainly the community comforts—even though these be scant and his civilization be little beyond that of the Savage. He must have help to do it. He must have schools, churches, good road and all such means of self-improvement, but one man, one family or one subdivision of a community cannot provide these alone—with their own means and strength. Then why not find the happy medium of opinions and strike a balance and work for the good of the whole community.—Thorndale Champion.

ART EXHIBITS DATES ARE FEB. 6, 7 AND 8.

Proceeds of exhibit will be used to purchase pictures for school rooms.

On Wednesday, Thursday and Friday, February 6, 7 and 8, there will be on display at the high school building an exhibition of pictures of more than ordinary interest. It consists of some two hundred carbon photographs, photogravures, prints in full coolrs, etc., loaned by the Elson Art Publication Co., Inc., of Belmont, Mass., and contains only the very best representations of the masterpieces of art of different countries and different periods.

Nearly every art gallery in the world as well as many of the private art galleries would have to be visited in order to see the originals of these pictures.

The purpose of the exhibit is to give the people an opportunity to see a collction of the world's famous masterpieces of painting, sculpture and architecture, to encourage and foster the study of art in the schools as well as the teaching of art appreciation and to raise funds to place pictures on the walls of the various school rooms.

The program for Wednesday evening will be furnished by the High school, for Thursday evening by the Mother's Club and for Friday evening by the students of the Grammar school.

The sale of tickets will be handled by the students of both schools and in order to facilitate the sale of tickets the Elson Art Publishing Co., has given to be used as a prize one large photogravure. This will be given to the room which sells the largest number of tickets.

OUR COUNTRY'S MENACE.

Of foreign foes our country has no fears. Our greatest menace is multiplication and needless extension of governmental functions and regulations by state and nation.

Bureaucracy is the canker-worm at the root of our government, federal and local. If it is not blocked in its slow, unseen attacks, something is going to happen. The present administration is tackling the evil in calling for immediate reduction in expenditures. The budget system inaugurated under a former administration, is hopeful against further encroachments; but the worm is heavily entrenched and it grows on what it eats (taxes) and spreads its power to new places every season.

MAKES RAPID HEADWAY.

Add This Fact to Your Store of Knowledge.

Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired worn-out feeling, or if the kidney secretions are offensive, irregular and attended by pain, procure a good kidney remedy at once.

Your townspeople recommend Doan's Pills. Read the statement of this Cameron citizen:

H. R. Williams, farmer, says: "My experience with Doan's Pills has been such that I heartily recommend them to anyone who has kidney complaint. I have taken Doan's when I have been suffering with sore muscles and backache. They have always given me the best satisfaction and for that reason, I am glad to endorse them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Williams had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (H)

LAND FOR SALE—177 acres panhandle well improved cotton farm, 4 miles from Sudan, Texas, on Santa Fe railroad, 150 acres in cultivation, fine water and improvements. On account of other business will sell $1,000 cash and balance on terms to suit purchaser. Address owner, Box 211, Lorenzo, Texas.

Rub Rheumatic Pain, Soreness, Stiffness

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

What's Rheumatism? Pain only.

Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. 'St. Jacobs Oil" is a harmless rheumatism and sciatica liniment, which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest "St. Jacobs Oil" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

To the People of Cameron:

I have not been able to see every voter personally in this campaign but this notice is my personal appeal to those with whom I have not been able to discuss my candidacy in person. I desire to state further that I am not the candidate of any class of citizens but am making the race on my own merits and what I shall be able to do for the people if elected to the office of City Marshal.

My platform is reduced to four words as follows: Service and Law Enforcement. If elected City Marshal this platform will be carried out to the utmost in giving the people the service they are entitled to from an officer of the law.

R. L. BATTE

Candidate for City Marshal.

NOTICE

I have moved my plumbing and tin shop to the Odd Fellows building just north of the postoffice. I will be glad to have my customers and friends to call on me in my new location. Telephone any time for work of the best kind.

R. A. TAG

TINNER AN PLUMBER.

Odd Fellows Building. Cameron, Texas.

SOCIETY NEWS

BY MRS. JEFF T. KEMP

HISTORY CLUB.

The History Club met in social session with Mrs. Thomas J. Denson on Tuesday afternoon. Mesdames John A. Smith, Oxsheer Smith, Charles F. Swift, Tom Henderson, Jr., Fritz Fahrendorf, James Baskin, Roy Baskin, James Watson, R. H. McIntosh, Louise Hogan, Wm. Sedelemeyer of Erie, Penn., were asked to share the pleasures of the meeting. Each was invited to tell a joke on herself or relate a ludicrous incident in her life and this feature envoked much laughter.

While the company were in hilarious spirits the hostess brought out a copy of Webster's Blue Back Speller and announced a spelling match with Mesdames Albert Green and Wm. Henderson as captains. Beginning at "baker" and going through to the very long words, one by one the spellers dropped out and left Mrs. John Martin the winner of the prize, a silver individual caster-caster. A most delicious salad plate was served, followed by an ice course.

In hostess duties Mrs. Denson was assisted by Mesdames James Baskin and Roy Baskin and A. N. Green.

BIRTHDAY DINNER.

Mrs. Harvey Chamberlain complimented her father, Commissioner N. H. Butts, with a lovely birthday dinner at her home near Walkers Creek Sunday. A turkey dinner with all the needed trimmings was served at noon. The birthday cake was surmounted by the requisite number of candles, (we will not mention the exact number) which the honor guest was allowed to light and to extinguish while the other guests made birthday wishes. When the cake was cut, Mr. Butts cut the first slice which contained the dime. This is an exceedingly lucky omen so our worthy Commissioner may have some piece of good fortune coming his way in the near future.

This was a most enjoyable occasion, bringing the family and old friends together in pleasant reunion.

Mr. and Mrs. Butts, Mr. and Mrs. S. B. Denson and Mr. and Mrs. Harvey Dobbins were the Cameron people in attendance.

MRS VEST YOUNG.

Mrs. Vest Young, daughter of former Commissioner W. A. Allcorn, died at her home in Thorndale, Tuesday morning at 8 o'clock and was buried the following morning at 10.

Mrs. Young was reared in Thorndale and her death cast a gloom over the entire community. Mr. Young her husband, is a half brother of our townsman, R. S. Wiley. Mr. and Mrs. Wiley were present when the end came, and remained in Thorndale until after the funeral.

The following item of interest to the friends of Rev. Walter G. Harbin, former pastor of the Cameron Methodist church was clipped from a recent issue of the Nashville Christian Advocate:

"A good revival meeting has just closed at Somerset, Ky. Rev. Walter Harbin did the preaching, and A. C. Watson led the singing. There were at least one hundred conversions and reclamations, forty-five family alters were established, and thus far forty new members have been received into the membership of First Church and more will be received."

Rev. Harbin left Cameron to engage in evangelistic work and his friends here will be glad to know that success is attending his efforts.

PRESBYTERIAL AUXILIARY.

The ladies of the Presbyterian Auxiliary held a business session at the church Monday afternoon led by Mrs. W. G. Gillis. Plans were made for the week of Prayer for Foreign Missions to be held at the church from February 3rd to February 10th. Friday February 8th will be given over to an all day program with dinner at the church.

MISSIONARY SOCIETY.

The members of the Methodist Missionary Society met in the basement of the church Monday afternoon for Bible Study under the leadership of Mrs. R. H. McIntosh who read and commented on the first chapter of the book of Joshua. The new books; 1200 Bible questions by J. J. Hill were distributed to the members.

A short business session was led by the president, Mrs. Pope Sapp.

BAPTIST CIRCLES.

Circle one of the Woman's Baptist Mission Union held a meeting Monday afternoon in the home of Mrs. Elbert Martin. Eleven members and one visitor were present. Lesson in Royal Service was led by Mrs. Bertha Brewer.

Circle two met in the home of Mrs. J .M. Mauldin. Ten members and two visitors were present. Lesson in Royal Service was led by Mrs. Geo. A. Thomas.

Circle three met with Mrs. Ed. Adams. Eight members were present. Lesson in Royal Service was led by Mrs. Wm. Henderson.

Circle four met with Miss Clara Thomas. Nine members were present. Lesson in Royal Service was led by Mrs. Conn Miller.

BRIDGE CLUB.

Mrs. John Watson was hostess to the bridge club Friday afternoon, naming as honoree, Mrs. Eugene Hanszen of Dallas. Her parlors were made more attractive by a wealth of gold and silver ligustrum berries adorning the wall space and forming clustered effects in brass and silver jardiniers. Four tables of players gathered for the games in this charming environment. An unique floral progression had been assigned to each player who received a floral name and a floral partner for each of the series of games.

An unusually attractive turkey luncheon was served with a lighted candle salad on each tray. Place cards bearing old sayings modernized provoked merriment.

Table awards were cut by Mesdames Buck Bonds, Charles F. Swift, Paul Webb and Giles L. Avriett.

PRISCILLA CLUB MEETS.

Mrs. Oxsheer Smith was hostess to the Priscilla Club at 3 p. m. on Thursday last. Sweet peas were used to give floral charm to the parlors. Needlework and conversation formed the afternoons diversion.

Other than club members, Mrs. Smith's guests were, her mother, Mrs. Chas. F. Swift of Gardiner, Maine, Mesdames H. F. Smith, Jr., Tom Henderson, Jr., Wm. R. Rogers, E. A. Flinn, Bertha Brewer and John A. Smith. A salad plate with hot chocolate was served. The following are members of the Priscilla Club: Mesdames Geo. T. Graves, John Mangum, J. C. Martin, Dan Tyson, Charles McDermott, Judd Davis, Alex Triggs, Albert Triggs, Howard Baskin, Roy Baskin, James D. Baskin, Henry Hefley, James Watson, R. D. Brown and Oxsheer Smith.

GIRLS SEWING CLUB.

The girls of the Maysfield school had their regular sewing lesson Friday 18, 1924, conducted by Miss Gladys Henry, the County Home Demonstrator. The girls seem to be enjoying the work very much and are going to keep it up during the summer. Those who belong to the club have either a garden or chickens of their own. Some of the members of the club are going to enter the clothes contest.

HEAR BRYAN SPEAK.

A group of ladies gathered in the parlor of the C. W. Lawrence home Monday afternoon to hear over radio the address of Hon. Wm. J. Bryan on "Is the Bible True?" as delivered at the First Presbyterian church of Dallas under the auspices of the Y. M. C. A. of that city.

Mr. Lawrence is the owner of a Federal radio receiving set, with a large horn and kept tuned in perfectly through the afternoon. Each word of the address was distinctly heard by the following ladies:

Mrs. Mary E. Lankford, Mrs. Bettie Merrin, Mrs. Meta McCown, Mrs. James Watson, Mrs. Geo. C. Childress, Mrs. Jeff Kemp, Mrs. R. H. McIntosh, Mrs. E. A. Cochran, Mrs. W .C. Lawrence and Miss Agnes Chambers.

In the evening the following group of men gathered to hear the same speaker on the Political Outlook: Messrs. John Watson, O. L. Kidd, Jeff Kemp, Dr. James Watson, R. H. McIntosh, Tom Henderson, Jr., C. N. Green and the host C. W. Lawrence, to whom all were grateful for a rare treat.

Mrs. Leland Green will entertain with forty-two Thursday afternoon at 3 p. m. honoring Mrs. L. C. Schaudies of LaGrange, Georgia. Ten tables of players have been bidden to welcome the honoree.

The 5th Sunday Missionary Rally was held in Yarrellton Friday, Saturday and Sunday of last week. Rev. E. S. Hutcherson of Cameron made two addresses, one on the Mission of a church to a community and the other on the Bible Doctrine of the Tithe. County Clerk H. M. Roark delivered an address Saturday evening on Parental Responsibility. The Woman's and Young Peoples Work were represented by Mesdames Wm. Henderson and E. S. Hutcherson. The entire program was under the direction of County Missionary E. L. Springer and resulted in so much good that a student pastor, Rev. Haley of Baylor University, was called for the Yarrellton church.

The Cameron Chapter Order Eastern Star will receive a visit on next Tuesday from the State Worthy Grand Matron, Mrs. Nortin Brantly Welborn of Somerville, Texas. This will be her first official visit to Cameron Chapter and great preparations are under way to insure her visit being a most pleasant and profitable one. Many visitors are expected to help the Cameron Chapter welcome the State Grand Matron. Besides her Masonic friends Mrs. Welborn has personal friends here who will be glad to welcome her to Cameron.

AN INNOVATION.

Over in Milam county, Texas, there is a common school district, the patrons of which live and maintain their existence by raising cotton (as is common throughout Texas.)

The patrons say, in order to eliminate some of the friction which now exists between the education of their children and their basic industry, they will open their next term of school on the first Monday in January, 1925, for the following reasons: First, that they may have in attendance, at the opening of the term, 100 per cent of their enrollment. Second, to obviate the necessity of having to borrow the money necessary to pay two, and often three months salaries of the teachers, and thereby having to pay interest on same. And further save to their fund one-half of the fuel bill necessary to their children's comfort. And further—the patrons will have their children's help in the fields at a time of year they are most needed—thus avoiding the necessity of bringing into the community an undesirable class of people, to help gather the crops. And as a further reason the children will be saved the time and expense consumed in the two greatest holidays of the year. It will further save fifty per cent of the patrons from a sad and humiliating answer, when asked if they will be ready to start their children at the opening of school: "No not ready, no suitable clothes to wear, will have a pick out some cotton fiirst." Which virtually means that half of our rural children are deprived of all the term previous to Christmas, as it is now taught. All because we do not, by legislation or adoption, move up the beginning of our scholastic year to correspond with that of our calender year.

There are other good and valid reasons that could be offered why we should adopt the above suggested change, but we desist, and ask criticism, suggestions or discussion, through the press or otherwise of the above suggestion.

Salts Fine for Aching Kidneys

Eating too much meat may clog the Kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness, and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also helps neutralize the acids in the urine so it no longer irritates, thus helping to relieve bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.

OUR COUNTRY'S MENACE.

Of foreign foes our country has no fears. Our greatest menace is multiplication and needless extension of governmental functions and regulations by state and nation.

Bureaucracy is the canker-worm at the root of our government, federal and local. If it is not blocked in its slow, unseen attacks, something is going to happen. The present administration is tackling the evil in calling for immediate reduction in expenditures. The budget system inaugurated under a former administration, is hopeful against further encroachments; but the worm is heavily entrenched and it grows on what it eats (taxes) and spreads its power to new places every season.

4. Use of official authority with judgment and discretion, and employment of force only when absolutely necessary.

5. Employment of only responsible men of good character and habits as deputies and nightwatchmen.

(Political advertisement)

Land Frauds Charged To Leader of Texas Republican Party

Washington, Jan. 29.—A charge that R. B. Creager, republican national committee man for Texas, exercised "political influence with the postmaster general and the attorney general" to stifle an inquiry into land frauds in Texas, was made today in a resolution introduced by Senator Heflin, democrat, Alabama.

Proposing a senate investigation, the resolution declared that citizens of 15 states and been defrauded of many millions of dollars, and that there had been misuse of the mails in connection with the operations.

When it became known that an investigation was being made, the Alabama senator said, "R. B. Creager of Brownsville, Texas president of the Alamo Land and Sugar company. . . .Charles F. C. Ladd, representing the W. E. Stewart Land company, C. H. Jessup of Brownsville and H. Swallow made a trip to Washington and called upon the Hon Wm. H. Hays, the then postmaster general and Hon. Harry Daugherty, attorney general, for the purpose of preventing such investigation."

Land companies alleged to have participated in the operations which would be investigated include members of the lower Rio Grande Valley Land Men's association, consisting in part of the following:

Alamo Land and Sugar company Stewart Farm Mortgage company; El Jardin Immigration company, Lone Star Immigration company; A. J. McCall Land company, United Farms company, Texas Coast Irrigated Lands company, Al Parker Securities company and others.

San Antonio, Jan. 29.—Over the long distance telephone today from his home in Brownsville, R. B. Creager branded Senator Heflin's statement as false and declared honest men were astounded at the length to which some democratic senators would go to harm the republican party.

"You can say for me," he said "that the length to which some democratic politicians in the senate will go to harm the republican party is astounding to all honest men.

"I brand this allegation as absolutely false and there is so little ground for it that I believe the man who made it knows it to be false."

DAUGHTER OF FEDERAL RESERVE BAND HEAD IN BOSTON KILLS HERSELF.

Boston, Jan. 28.—W. P. G. Harding, governor of the federal reserve bank of Boston, in a statement tonight, admitted his daughter Margaret Elito, who was found dead at their home last Saturday, committed suicide by shooting herself with his revolver. Earlier in the day the medical examiner had reported that Miss Harding committed suicide but the immediate death was not made known.

Miss Harding, her father said, left notes addressed to him, to relatives and to friends. In the note to her faher the young woman asked forgiveness for "what she had done and was about to do." "I coudn't stand life any longer," was one phrase of the note, Mr. Harding said. Mr. Harding said his daughters death was due to "her love for social life, dancing every night and smoking cigarettes."

Miss Harding was born in Birmingham, Ala., 23 years ago, and before coming to this city had been prominent in society circles in Washington and the south. When her father, who was formely governor of the federal reserve board, assumed his position here a year ago she came with him and since had presided over his home. Her mother died in 1910.

FACTS ABOUT COLDS.

Probably more people suffer from colds than from any other disease. While a cold, as a cold, is not in itself dangerous to life, still in the wake of colds there follows such diseases as tuberculosis, rheumatic fever, sinus infections, and kidney trouble.

2. A cold is infectious and is catching, and when a cold starts in a family, school or factory it usually runs right through.

3. Colds do not come from drafts blowing on us, from getting chilled, getting wet feet, etc. These things, however, along with loss of sleep, bad air, (air that has been breathed over and over again,) chronic inflammatory condition of air passages adenoids, nasal obstructions, all predispose one to colds and form a fertile field for bad cold germs to be planted in.

4. Germs of colds are carried from the nose and mouth by coughing and sneezing, and the atmosphere is sprayed with germs from five to twenty feet, according to stillness of atmosphere, and direction of the wind, and the strength of the cough or sneeze. The germs are also carried by direct and indirect contact, on account of bad personal hygiene and habits, such as common drinking cups, handling toys, common roller towels, pencils, or in any way that the cough-and-sneeze germs can be carried to another.

5 So to prevent colds, guard against contact with people who have colds, and keep yourself in good physical condition by proper feed, (and not too much of it) and rest. Keep bowles in good condition, drink plenty of water, work and sleep with plenty of fresh air, keep regular hours, and do not worry. If persons with colds would go to bed for two or three days' rest at the beginning of a cold, they would not only check the period of their own sickness, but would in a great measure stop the spread of colds to others. At this stage they should by all means cover each cough and sneeze with a handkerchief.

6. It should be unlawful for any person with a cold to go around with his cut-out open. He should close his cut-out by holding a handkerchief or paper napkin (which can be burned) to his face when he coughs or sneezes. If public sentiment could be educated to frown down upon every one who does not cover his mouth when coughing and sneezing, it would go far toward solving the cold question. The fellow who coughs and sneezes without holding something to his face is more dangerous than the fellow who spits, because in coughing or sneezing, he scatters spit in the form of spray in every direction, while in the latter case, the stream goes only in one direction.—F. M. Register, in Progressive Farmer.

TO CURE A COLD.

If you have a cold do these things:

1. Go to bed.

2. Take a small dose of salts or castor oil.

3. Have room well ventilated, using plenty of cover to keep comfortable.

4. Eat nourishing food, such as eggs, milk, good soup and fruit.

5. Do not take all kinds of patent medicines, no matter how much they are advertised or recommended as "cold cures."

6. Build up your system with good food and rest.

7. These rules apply in dealing wtih the common cold or coryza, but if the trouble is in pour chest, you may have bronchitis of pneumonia, and you should have a doctor at once.

CROW'S FEET

What causes the little wrinkles between your eyes and at the corners of your eyes? Is it old age? Not necessarily so.

In many cases it is caused by eye strain. Ever notice a person frowning or squinting when looking at an object where it required keen vision? Those eyes need help. Better come in and have your eyes examined.

No person who has very defective vision is a safe man to drive an automobile.

The New ESSEX A SIX
Built by Hudson

It Gives Ideal Transportation

A 30 minute ride will fix that fact so you never can forget it. Essex alone shares noted Hudson advantages. That means—in this low-priced "Six"—you get the very features that made Hudson famous for long life, reliability and fine performance. We can describe it in terms of no other car. You can judge it by not even the widest experience of previous "Sixes."

Differs in All These Things

The Coach $975

Touring Model - $850
Freight and Tax Extra

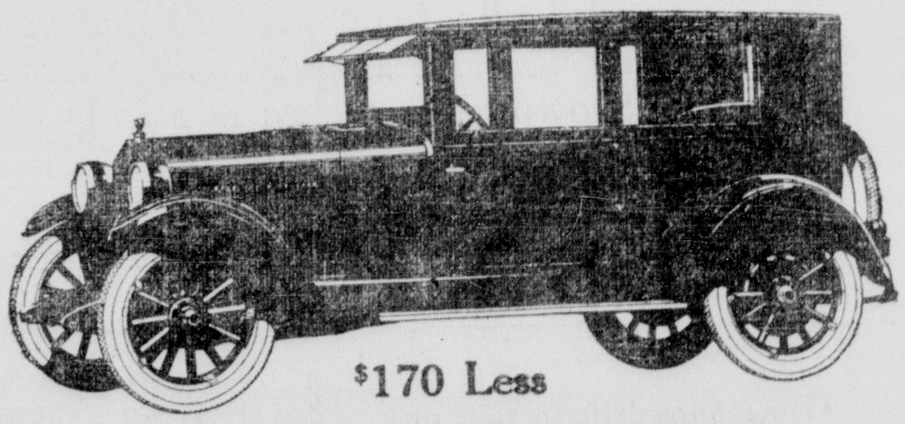
But thousands, riding daily, experience a new degree of performance smoothness. Credit that to the patented Super-Six principle. They tell it holds the road better at all speeds. Steers easily as a bicycle. Controls are easy and natural. Easy to park. Starts at the touch of your toe.

It rarely calls for attention. Lubrication for the most part is done with an oil can.

Gasoline and oil costs are so low in this car you can count them real savings. And provisions made to take up or replace wear at such low costs will astonish you.

Take a ride. You too will understand why thousands are saying the New Essex provides ideal transportation.

A 30 Minute Ride Will Win You



$170 Less

Essex closed car comforts now cost $170 less than ever before. Also with this lower price you get a more attractive Coach body and a 6-cylinder motor built on the principle of the famous Hudson Super-Six.

TIRE STORE

HORSTMANN BROTHERS Cameron, Texas.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

Lower Rate of Interest.

I am prepared to make long time loans on improved farm lands for the Joint Stock Land Banks and for private people at a low rate of interest.

The loans can be closed promptly and with little expense.

REGULAR SERVICES FOR EPISCOPAL CHURCH HERE

REV. Mr. LOVE OF HARRISBURG TRANSFERED TO CAMERON CHARGE.

Bishop Clinton S. Quinn of the Episcopal Dioces of Texas held both morning and evening services at All Saints church in Cameron Sunday. Bishop Quinn is accounted one of the most eminent divines in Texas, and at each service preached a masterly sermon, of deep meaning and great learning. He spent a pleasant day in Cameron, and visited all the members of the congregation.

At the close of the evening service the annual Parish Meeting was held under the direction of the Bishop, and the following were elected members of the vestry for the ensuing year: Warden, Tom S. Henderson, Jr.; Treasurer, Geo. T. Graves; Clerk, Russell C. Harper. Mrs. Royal P. Jeter was re-elected Superintendent of the Sunday School.

Bishop Quinn announced to the congregation that Cameron now has an opportunity to secure a resident minister and have services every Sunday. Rev. Mr. Love, of Harrisburg, will be transferred to Cameron within the next few weeks and will occupy the Rectory here, and serve both Cameron and Rockdale. For the time being he will hold one service each Sunday in each city, probably holding the morning service in Rockdale and the evening service in Cameron. Definite announcement will be made later.

Mr. Love is a man of some forty years of age, and was a successful business man before entering the ministry. He will be accompanied by Mrs. Love and their two sons, who are about 15 years of age. After several years without the services of a minister the congregation of All Saints church will welcome Mr. Love and his family to Cameron; and the people of our town will be fortunate in having this new family come among us.

The Vestry is exceedingly anxious to gather in all Episcopalians into the congregation by the time Mr. Love arrives; and all persons in Cameron and the surrounding territory who are of the Episcopal faith are requested to communicate with one of the above named officers. Anyone who knows of any members of this faith is requested to send their names into the Vestry.

The organization of the Episcopal work in Cameron under a resident minister means that one more agency will be active in the religious life of the community. The other churches and their ministers will undoubtedly be pleaced at this accession of support to their Christian endeavors and their co-operation will be offered at every opportunity. A strong active Episcopal Church in Cameron has long been a necessity, and the religious leaders of our city are looking forward to the coming of Rev. Love with great expectations.

TEMPLE ELKS BAND.

Cameron is to be favored with one of the greatest musical treats ever rendered. At Yoe High school Auditorium . Temple Elk's Band is scheduled for a concert on Feb. 1st. This band, which is one of the greatest in Texas, has two Cameronians among its members: Mr. Leslie Green and Mr. Bill Parma. The admission is 50 cents for adults and 35 cents for children. The concert is to be fostered by the Senior Class of '24 and the proceeds are for the Yoe High Athletic fund. The band is one of about thirty pieces and is under the direction of Mr. Betts of Marlin, who is one of the greatest musicians of the south.

FOR SALE—One block on Hefley Heights, a beautiful site for a nice home. Will sell all or part.
32-2t P. L. Bergum.

BRYAN SEES A VICTORY FOR DEMOCRACY IF THE CANDIDATE IS DRY ONE.

Dallas, Texas, Jan. 28.—The next democratic presidential candidate, if he be "progressive and dry" will sweep the country, Wm. Jennings Bryan predicted in an address at a joint luncheon of the Chamber of Commerce, Dallas, Electric club and ex-Service Men's Club here today.

Devoting his talk to politics, Mr. Bryan attacked the Mellon tax reduction bill as a device for shifting the tax burden "from the rich on to the poor."

"The difference between the republicans and the democrats," he said, "is that the republicans believe in relieving the big business men directly and the public indirectly and the democrats believe in relieving the public directly."

In speaking under the auspices of the Y. M. C. A. this afternoon on the subject "Is the Bible True?" Mr. Bryan declared "no man paid by taxation collected from the common people shall be permitted to teach a guess that undermines Christianitly."

The Darwinian theory of creation, he said, was only a hypothesis and "hypothesis" was the scientific word for guess."

S .E. J. COX FOUND GUILTY IN HOUSTON.

Houston, Texas, Jan. 28.—For the second time in sixty days, S. E. J. Cox, this afternoon heard a jury pronounce him guilty of oil fraud. E. O. Glenn, co-defendant with Cox, also was found guilty. Both were indicted in connection with the operations of the Blue Bird Oil corporation.

Just before the jury made its report, Judge J. C. Hutcheson, Jr., sentenced seven other defendants in the case who have entered guilty pleas. They were fined from $1,000 to $15,000. Butler Perryman, the eighth man who admitted his guilt, will be sentenced tomorrow morning at the same time Cox and Glenn are to be sentenced. Judge Hutcheson has indicated that Perryman will be given a term in prison. He deferred sentence for the three men at their request.

The fines assessed in each instance followed recommendations from George E. B. Peddy, assistant United States district attorney, that the men be not sent to pirson. The men who were sentenced are: A. W. Perryman $15,000; R. C. Russell, $10,000; W. C. Turnbow, $5,000; J. W. Gillespie $2,500; J. R. Parker 51,000; L. C. Hamblett $2,500; L. B. House $1,000.

The Cox jury considered the case for less than 2 hours and went to the jury room with the most dramatic appeal echoing in its ears that has ever been heard from a layman in Houston, offered in his own legal defense. Cox was his own lawyer.

NOTICE IN PROBATE.

THE STATE OF TEXAS
To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not les sthan one year in said Milam county, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the Estate of Frank Fisher, deceased, C. N. Green and Brothers, and Cameron Hospital by W. R. Newton and E. Rischar have filed an application in the County Court of Milam County, on the 22nd day of Jan. 1924, for the appointment of an adminstrator of the Estate of Frank Fisher, deceased, which said application will be heard by said Court on the 4th day of February 1924, at the court house of said county, in Cameron, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Cameron this 22nd day of February 1924.

H. M. ROARK, Clerk,
County Court, Milam County, Texas.
By J. O. Hughes, Deputy. 38-2t

Making BISCUIT

Biscuit so good that you can hardly keep up with the family appetite

Snowdrift

SNOWDRIFT—a pure, rich, creamy cooking fat—is made by the Wesson Oil people out of oil as *good* as a fine salad oil. (You need oil that's good to eat to make cooking fat as good as cooking fat *can* be.) Then Snowdrift is packed in a truly air-tight bucket (air-tight—but as easy to open as winding the clock) to keep it as sweet and fresh as the day it was made—sweet and fresh all the way down to the bottom of the bucket.

Using Snowdrift in your own favorite recipe is the best way to find out how good Snowdrift is. Remember to add salt because Snowdrift is sweet, fresh, and unsalted.

MISS WHITFIELD'S *recipe for* SOUTHERN TEA BISCUITS

2 cups flour
4 teaspoonfuls baking powder
½ teaspoonful salt
1 tablespoonful sugar
3 tablespoonfuls Snowdrift
¾ cup milk or water

Measure dry ingredients and sift together into mixing bowl. Measure Snowdrift and cut into flour with two knives or work in with fork until well distributed. All liquid mixing with a knife or spoon until a soft dough is made that can be handled on a board slightly floured. Handle and work as little as possible. Roll thin and cut with small cutter. Place in greased pan or baking sheet and bake in hot oven.

All Measurements are Level

STRAIGHT TALKS WITH AUNT EMMY

ON HOW NOT TO GET RICH

"Oh, Aunt Emmy," cried Helen rushing in and kissing Aunt Emmy, "I've got a wonderful chance to get rich: The nicest man told me about a patent bee-hive that will double my money in a year! With it bees will make two or three times as much honey. If I buy it right away I can make ever so much money, for the stock is selling at fifty cents and it's going to par soon, whatever that is, so I'll have oodles of money. Oh, Aunty, won't it be lovely? You and I can go to Europe and—"

"Hold on a minute, Helen," begged Aunt Emmy; "would you really let this man have your money for a fool thing like that?"

"Why, Aunty, I'm sure it is all right! He gave me the loveliest booklet—I brought it along. You are so suspicious, Aunty," she reproached.

"Suspicious, am I! That $5,000 is the only money you ever had or ever expect to have except what you earn as a teacher. You can't afford to throw it away. Sit right down and write to your bank for information about that bee-hive. Tell them you are thinking of investing your $5,000, and send them the booklet."

"But, Aunty, that would take several days, and the man said not to wait," Helen protested.

"If people would wait a while before investing, there would be far less failures in the world. You will hear from the bank soon enough. Promise."

"I suppose I'll have to," agreed Helen, crestfallen, "but I'm sure the old bank doesn't want to be bothered with poor little me."

When Helen came to see Aunt Emmy again she looked serious. Aunt Emmy guessed that her get-rich-quick bubble had burst.

"Look, Aunty," she said, handing over a letter from the bank that gave a report on the patent bee-hive. The letter said that the men engaged in the enterprise were not trustworthy. It invited Helen to consult with the bank about her investment.

"You were right, Aunty," said Helen. "I saw Mr. Hitchcock there. He told me a lot about investments and suggested some safe ones. I never understood the bank's value before. If it had not been for you and the bank I should not have a cent today. I'll never do a thing with money unless I ask the bank first. I felt I was with friends, Aunty."

"You were, my dear," said Aunt Emmy, smiling.—ANNE B. AYMES.

A Chance to Shine

THE young man of today need not leave the farm for a career. True, present conditions are not conducive to large financial returns, but these conditions will undoubtedly change. Those who are in position to know think that we have reached the low ebb and now farm products are on the upgrade.

We have only begun to solve our agricultural problems. There is a large unexplored field ahead of us. The young man with brains and a sympathetic heart can find ample opportunities for making a name for himself on the farm.

In addressing a national group of young people recently, President Head of the American Bankers Association said he believes *the opportunities for making a name as a leader in agriculture are greater than making a name in the position of a Congressman.* He thinks the day is coming when a man shall take pride in saying, "I am an American farmer."

Any young man who has a liking for things rural can well afford to consider preparing himself to become a good farmer, for after he has made a success of his farm, he will find abundant opportunity for leadership in his community.—*Banker-Farmer.*

AN ORDINANCE.

Controlling the Slaughtering, handling and storing of meat and meat food products offered for sale within the City of Cameron; providing for the filing of name of all dealers in uncured meat products with the sanitary officer; providing character of and location holding pen and killing plant; providing for a penalty for a violation of this ordinance; and declaring an emergency.

Be it ordained by the City Council of the City of Cameron, Texas:

FIRST.

All butchers, peddlers, barters, sellers and storers of uncured meats, within the City of Cameron, shall file his name with the Sanitary Officer, giving business and address.

Second.

All animals used for meat purposes shall be in the pens adjacent to the slaughtering plant at least twelve hours before killing same, and no over-heated, exhausted or freshly hauled animal shall be killed until completely rested.

Third.

Location of killing plant shall be where drainage conditions are good. No pools or stagnant water shall be within 400 feet of the place of killing.

Five.

a. The house used for killing shall be large enough to supply ample room so as not to be crowded at any time, and shall have an abundance of natural light.

b. The walls shall be tight to prevent water, blood and other material from collecting in crevices and cracks.

c. The floors shall be constructed of brick, tile or concrete with plenty of drainage and with ample drains to carry off all water and blood at once.

d. All openings shall be screened with wire not less than 14 meshes to the inch on tight fitting frames, and kept securely closed, except when opened for immediate operation of such business.

a. Hides and pelts and hair shall be removed from carcasses in this room and immediately removed therefrom. The hide house or pit shall be at least 50 feet from the place of slaughtering, and shall have no connecting doors.

f. All viscera, including lungs, heart and trechea, shall be removed rom the carcass as soon as nide or pelts are removed, and the eible offals shall at once be removed, washed in clean water and hung on racks. All edible offals shall be immediaetly removed from the room without removing any of their contents.

g. Care shall be taken not to conaminate the carcass with dirt, bile, blood or bowel contents, but if they should be, they must be immediately washed with clean water. On final dressing, the carcass shall be removed at once to a cooling room which shall be as near dust proof as possible.

h. No hogs shall be evisciate until all hair and hoofs have been removed and thoroughly scrubbed with hot water and a stiff brush removing all dirt and sand.

i. Ample washing facilities shall be provided for workmen at all mes. The spitting upon whet stones, steels and knives will not be permitted. One vessel and disinfectant shall be kept on hand in case workmen ind a diseased animal. All tools used shall be immediately disinfected.

Five.

The holding pen adjacent to killing plant shall be of concrete floor and all material shall be washed from the feet and legs of animals before they are killed. The said pen and plant shall be thoroughly washed and cleaned, including all tools, buckets, etc., afte reach day's kill, allowing no meat, blood or hair to remain from one day to the next. All water must come from a well or source which is not contaminated.

Six.

No feeding pens shall be within 50 feet of the killing plant, and hogs receiving tankage, offals or garbage must not be kept within six hundred (600) feet of the slaughter place.

Seven.

It shall be the duty of the person or persons in charge of the slaughtering places, on the first of each month to furnish the names and addresses of all persons who have had animals killed at the plant during the past month, to the Sanitary Officer of said City of Cameron.

Eight.

a. It will be the duty of any person, firm or corporation storing meats and charging fees for the same, to furnish the Sanitary Officer of the City of Cameron on the first of each month, names and addresses of all persons using the same for each past month. b. Any store room, refigerator, ice box, or other receptacle which is called natural or artificial for the cooling of fresh meats, shall not be used to store any article except meat.

Nine.

Any person, persons, firm, firms or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof, be fined not less than One ($1) nor more than One Hundred ($100) Dollars, and each day's offense shall constitute a separate offense.

Ten.

Nothing in this ordinance, except Section 1 hereof, shall apply to farmers killing and selling meats raised by them on their own farms, but such farmers, before offering such meat for sale, shall file their names with the Sanitary Officer in accordance with Section 1.

Eleven.

The fact that there is no adequate ordinance controlling the slaughtering, handling and storing of meat and meat food products creates an emergency and an imperative public necessity that the rule requiring ordinances to be read on three separate days be and the came is hereby suseffect from and after its passage and pended, and that this ordinance take publication, as required by law, and it is so ordained.

We your Ordinance Committee, respectfully recommend that the above ordiance do pass.

W. O. Triggs.

Passed unanimously this 7th day of January 1924.

Approved this 7th day of January 1924.

J. B. WHITE.
Mayor, City of Cameron, Texas.

R. D. BROWN,
Secretary, City of Cameron, Texas.

THE STATE OF TEXAS,
County of Milam.

I, R. D. Brown, Secretory of the City of Cameron, do hereby certify that the above and foregoing is a true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appear of record in the Minutes of Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 7th day January, A. D. 1924.

36 4t R. D. BROWN,
Secretary of the City of Cameron.

The Certainty of Satisfaction

—WHAT'S IT WORTH TO YOU?

The most valuable thing that anybody can get for money invested in a motor car is satisfaction in the use of it.

The looks of the car—the name of the car—first impressions of the car—are not sufficient to guarantee satisfaction. Only the character and the facilities of the local dealer can give such assurance.

We run this business with a full realization of our responsibility for the satisfaction of every customer, no matter what he buys.

CHEVROLET

Chevrolet Cars and Trucks are sold on the time payment plans at the smallest cost for carrying charges.

LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of Cardui and Took It, She Says, "Until I Was Well"

"SOME TIME AGO," says Mrs. Buena McFarland, of R. F. D. 2, Bostic, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand.

"I was very nervous, and could not ..t. I didn't feel like eating. I grew ..n, and did not have ambition for anything.

"I had been trying other remedies . . . but did not get any better.

"Some one told us of Cardui, and ... it was recommended for. I also took a Ladies Birthday Almanac and read of a case something like mine. I told my husband to get it and I would try it.

"I saw a great improvement after the first bottle (of Cardui), so I kept it up until I was well. Now I am the picture of health."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

Cardui has stood the test of extensive use, for more than forty years, in the treatment of troubles common to women.

Try it.

J.D.DOBBINS The Man Who Saves You Money

TWENTY-THREE YEARS AGO

(From the files of the Herald)

The great evangelist, W. P. Fife, who is conducting the Union meeting in the city, is a power for God and the church. The meeting was changed last Sunday to the Auditorium and the building was packed to its fullest capacity at both morning and evening services.

Twenty-five couples of Rockdale's society people have formed a theatre party for next Tuesday night and will attend the presentation of "When We Were Twenty-one" at the Auditorium in this city, Feb. 5.

To escape a mob which was determined on vengence, Sheriff Baker of McLennan County brought the negro, Will King, who killed officer Mitchell in Waco last October, to Cameron Monday night for safe keeping.

Mrs. J. D. Hefley graciously entertained a number of visiting ladies who were in attendance on the union meeting.

Mrs. Dr. Lyons, editress of the Buckholts Bulletin, was a visitor in our city this week, and while here made this office a pleasant call.

George Peel of Rutledge, Alabama, is visiting relatives in Cameron, being the guest of Dr. and Mrs. Monroe.

The Sap people say their new stations will be twentieth century affair. The very latest in design.

ORDER TO EXPEDITE HANDLING OF PAPERS

As a result of several months of investigation and study by experts of the Post Office Department, Postmaster General New today issued the first definite, concise and complete program that has ever been put out by the Department for the mailing, transmission and delivery of newspapers.

This order is most important. It is far reaching. It gives the same expedition to newspapers as is accorded to first class mail.

The order is the result of painstaking effort on the part of the Post Office inspectors, under the direction of First Assistant Postmaster General Bartlett. Carefully worded and minute instructions have been issued to all employees engaged in handling the mails, so there will be no possibility of misunderstanding the importance of getting newspapers to the reader with a minimum of delay.

The essence of the order is that newspapers shall not be mixed with parcels post at any point in their dispatch from the publishers' offices until their delivery to the addressees. Papers shall be handled by themselves, and kept in constant transit, not being sent to railway terminals to be reworked. In other words, they are to be handled in the same manner as first class mail.

An important feature of the order is that no publication shall be given any less efficient or less expeditious treatment than at present. That means that publications other than newspapers will not suffer one iota from this progressive innovation, made by the Post Office Department.

Another striking feature of the order is the elimination of sacks of mail which are known to the business world as "mixed mail." Sacks of mixed mail some times contain letters, papers, and parcels post, and often times the entire contests were treated as parcels post. This order will prevent a recurrence of that condition.

Another important feature of the order is that postmasters are required to notify pubilshers in each instance when they do not hit the dispatch which they advertise to hit; also to notify publishers when they are sending to wrong addresses and to the addresses of deceaesd persons. Publishers will also be notified when they are putting up their mail in an incorrect manner.

Under the new system, newspapers will be made up in separate sacks plainly labeled with the word 'newspapers." If there are only a few copies of newspapers at the point of dispatch, they will be placed in pouches with first class mail or in separate sacks, even though the sacks are only partially filled.

This order means much to the American public. It is one of the most important and far reaching steps in post office history. It is for the benefit of those who desire to have their newspapers placed before them at as early a moment as possible. This should keep both the city and rural population in closer and quicker touch with their several fields of activities.

LET THE MILK COW COME TO YOUR AID.

The change from all-cotton farming to a more diversified cropping system is often accomplished with considerable difficulty. In fact, some farmers have made lamentable failures in attempting to grow other cash crops besides cotton. Poultry, hogs, dairy cattle, beef cattle, etc., all have contributed to this list of failures, but of the lot, dairy cattle have failed to produce a profit in the smallest per cent of cases.

Dairying seems to be one of the safest ventures in which a farmer can engage. Prices of dairy products are fairly stable, and one may figure on the income from a herd of cows with a reasonable assurance that extreme price ranges will not upset his calculations. Furthermore, the price paid to producers of dairy producers since the war has been higher, compared to pre-war prices, than for any other farm product. There seems little possibility of dairying being over-done, at least during the next decade. During the last thirty years, the consumption of milk per capita in this country has doubled, and even after this marked increase, there are still five other countries which drink more milk per capita and four countries that eat more butter.

Dairy farming works well with cotton. The farmer may grow about as many acres of cotton as he usually handles, and at the same time tend a few dairy cows. When cotton fails, either because of low prices or poor yields, the income from the cows is sufficient to tide the farmer over until better times.

No sensible person will expect to "get rich quick" on a dairy farm, but the splendid financial condition of dairy states and dairy communities gives abundant evidence of the ability of the dairy cow to make its owner a substantial living. There are, however, certain essentials to successful dairying. An abundance of farm-raised, rough feed, fairly good cows, and a satisfactory market are the three on which the success of most dairy enterprise rests.

As to the marketing problem, there are a number of solutions. Near the larger towns, the sale of whole milk is usually the most profitable way to market the products of the dairy. In less favored sections, where the cow population is sufficiently large, a creamery, owned privately or by a co-operative organization of farmers, furnishes an excellent market for cream, while the skim milk may be fed to chickens and hogs. The shipping station, while not the most economical method, is still another way of handling cream. Other farmers ship cream direct to a central creamery. However, some dairy farmers would rather see the cream weighed and tested, and this is undoubtedly the chief reason why direct shipping has not taken the place of the cream shipping station.

Let's give the dairy cow an opportunity to revise our cropping system. If she is handled properly, it will only be a question of a few years until the better balanced system, which includes both dairy cows and cotton, will produce as much cotton as is now possible through the use of little else but cotton. Dairy cows will bring about an increase in soil fertility, which in turn will make possible the production of a reasonably large cotton crop of fewer acres.—The Progressive Farmer.

NINE BASKET TEAMS PLEDGED TO ATTEND LOCAL TOURNAMENT.

Nine teams have signified their intentions of entering the county basket ball tournament to be held in Rockdale February, 1 and 2—Cameron, Rockdale, Thorndale, San Gabriel, Shary, Buckholts, Yarrellton, Gause and Jones Prairie have all notified the director that they expect to be here for the tournament. Yarrellton seems to be a decided favorite to win the county championship, while the other contenders seem to stack up about even.

Among the probable officials to referee the tournament are "Tiny" Keen, captain of last years championship Aggie five, Tom Dennis of Texas and Teddy Lyons of Baylor. Keen, if satisfactory to all the coaches, will probably draw the assignment as he has expressed a willingness to come.—Rockdale Reporter.

Red Dictator Laid To Rest; No Tears Shed For Russian Ruler

Moscow, Jan. 27.—Vladimir Ilyitch Ulinoff, whom the world knew as Nikolai Lenine, was entombed this afternoon. The followers of the ruler of soviet Russia hailed him an hour before his burial as greater in death than in life and paid him honors that a king might envy. They withstood for hours the bitterest cold the bolshevik capital has known in years. Half a million people marched or waited for eight hours in temperature 30 below for the privilege of passing the temporary mausoleum, a squat Asiatic structure, like the tomb of a Tartar Khan, hastily built under the walls of the Kremlin fortress.

Lenine's funeral was like a strange medieval painting—a great Tartar horde on a crusade march, its red and black banners obscured by the smoke of campfires and blurred by the steam of bodies of men and horses.

In contrast to most Moscow ceremonies, there was no oratory. There was no visible signs of mourning among the assemblage.

A civil mass was celebrated in the House of Unions, but before the tomb in red square, a Biblically phrased statement of the Russian soviets, was read, in which Nickolai Lenine was hailed as one of the saviors of mankind.

Leon Trotzky, the war minister, was the only important bolshevik official who was absent from the funeral ceremonies. It is understood that he is in the Caucasus too ill to attend, but no authoritative announcement has been made regarding his condition.

What might be termed a "red requiem" marked the ceremonies in the House of Unions at 8 o'clock in the morning. The body of the bolshevik leader was laid on a bier decorated in red and black. The communion hall was lighted with glistening chandeliers draped with black. Those who gathered in the building, including the diplomatic corps, remained standing throughout as in the Russian church. A combined orchestra from Moscow grand theatre and the conservatoir of music broke the silence with the throbbing notes of the funeral march by Monushko, the Polish composer, which has long been adopted by the revolutionists as their hymn of death.

There were no speeches, nothing to interrupt the solemnity of the scene, except the changing of the squad of honor, about the body and the thundering weird compositions chosen from Wagner's Tannhauser, Lohengrin and Gotterdammerung. There was not a single audible sob, though "Krupskaya" stood near the bier gazing dazedly at the face of her dead husband.

As the notes of Chopin's funeral march died away, the entire audience, as if spontaneously, started singing the revolutionary words of Monushko's composition—"You fall victims of the fatal struggle" but then broke into the lilting tones of the "Internationale."

The hall was cleared of all but near relatives and members of the central committee party for the final farewell. The guard of honor was changed for the last time in the House of Unoins, Leonid Krassin, one of Lenines closest associates being among those who stood on last watch.

Then the lid was closed and the coffin carried from the hall on the shoulders of alternating pall bearers, among them were officials and peasants. The first group included Stallin and Zinoevoff and the second Kalenin and Kameneff. The wreath bearers preceded the cortege as it proceeded through the icy streets which were strewn with sand to prevent slipping, through a close cordon of soldiers who had left their campfires and stood with difficulty at attention, having to rock from time to time on one foot and the other to prevent freezing.

Thus the body was taken to Red Square, escorted by a military guard of six-footers, followed by Krupskaya, Lenine's two sisters, his brothers and the delegations which had chosen to march. The coffin was placed on a platform ten feet high in font of the temporary mausoleum.

Evdokimoff, of the central committee, chosen for the might carrying power of his voice, read the funeral oration, his words echoing from the walls of the Kremlin. Then followed a semmingly endless procession of workmen and workmen's delegations.

The oration was a proclamation from the federal congress of soviets to the laboring masses of humanity. It was couched in Biblial terms in which Nickolai Lenine was pictured as having led the people through all dangers and "whose work promises a kingdom of labor for humanity enslaved."

JOHN A. JAMES FOR COMMISSIONER.

In this issue of the Champion Mr. John A. James officially announces for Commissioner of Precint No. 4, subject to the action of the Democratic primaries.

Mr. James has resided in Milam county practically all of his life, something like 35 years, and came to the Thorndale community in 1909. He is a successful farmer and never offered for public office but one time in his life, and that was two years ago when he made the race for Constable for this precinct and was elected. He has discharged his duty in this respect as faithful as could be expected of any man who must depend upon other sources than the meager fees from his office for support of himself and family. He has stayed on the job many nights, and responded promptly to every call for official service night or day.

While on the farm and for several years recently he has studied road improvement as he has studied farming and he feels that he thoroughly capable of looking after the duties of this responsible position. He promises if elected that he can and will give the tax payers a day's work for a day's wages and he will see to it that men work full eight hours if they draw pay for a day's work out of the county funds. He is honest and capable, industrious and conscientious.

Mr. James always takes and interest in the affairs of his community, county and state, and holds to the policy that public money should be as cautiously expended as private funds.

He will greatly appreciate the votes of the men and women of the precinct.—Thorndale Champion.

To all Persons interested in the Estate of Joseph Zapalac, Sr., Deceased:

T. F. Criswell, Administrator, of the Estate of said Estate of Joseph Zapalac, Sr., deceased has field in the County Court of Milam County his Final Account of the condition of said estate, together with an application to be discharged as Administrator thereof, which will be heard by said court on the First Monday in February A. D. 1924, same being the 4th day of February, A. D. 1924, at the Court House of said Milam County in Cameron, at which time and place all persons interested in said estate are requested to appear and contest said Final Account and application if they see proper.

Witness H. M.. Roark, Clerk of the County Court of Milam County.

Given under my hand and the seal of said Court, at my office in Cameron on this 8th day of January A. D. 1924.

H. M. ROARK,

How We Spend Your Money

in building Studebaker cars

Why people buy 150,000 yearly

IT is true that we spend lavishly on Studebaker cars. But it's all to your advantage.

It is by that spending that we give you the greatest value in the fine-car field. We offer prices no one matches on any comparable cars.

That lavish spending led people last year to pay $200,000,000 for Studebaker cars. And that volume brings our prices down to where they are.

$50,000,000 in plants

Studebaker assets are $90,000,000. In modern plants and equipment we have $50,000,000. Seventy per cent of that amount was spent in the past seven years. So it represents the last word in equipment.

$8,000,000 in drop forge plants, so every vital part is made to Studebaker standards.

$10,000,000 in body plants, so Studebaker ideals may be shown in every body.

All that is staked in a permanent way on satisfying fine-car buyers better than our rivals.

What extras cost

Lack of vibration is a famous Studebaker feature. We get that by machining crank shafts as they were in Liberty Airplane Motors. That extra cost is over $600,000 yearly.

Matchless endurance is another famous feature. One Studebaker Six, still in active use, has run 475,000 miles since 1918. We get that through costly steels. On some we pay 15% bonus to makers to get formulas exact.

Beauty of finish is another supremacy. But that finish requires many operations, including 15 coats of paint and varnish.

Our real leather cushions cost $25 per car over imitation leather.

Every Studebaker car is Timken-equipped. The Special-Six and the Big-Six have more Timken bearings than any car selling under $5,600 in America. The Light-Six more than any competitive car within $1,000 of its price.

In closed cars we offer wondrous luxury. The lining is Chase Mohair, made from the fine fleece of Angora goats. Velour would cost about one-third that, saving up to $100 a car.

Note those bumpers, that steel trunk, those extra disc wheels with cord tires on some models. Note that extra courtesy light. Think what they would cost if you bought them.

The cost of care

The unvarying standards in Studebaker cars are fixed by a department of Methods and Standards. It is enormously expensive.

Our constant improvements are due to ceaseless research. 125 experts devote their time to the study of betterments. They make 500,000 tests per year.

That reliability is due to 12,000 inspections of the material and workmanship in each Studebaker car before it leaves the factory. This requires 1,000 inspectors.

Being generous with men

We pay maximum wages—at least as much as anyone else will pay. Then we pay extra for continuous service. Last year, 13,000 men in our factories got anniversary checks—total $1,300,000. After five years of service those checks amount to 10% of their wages.

We spend $2,000,000 yearly on our co-operative work for men.

Every year we give factory employes one week's vacation with pay. That cost us $225,000 last year.

We sell them stock on attractive terms. We retire old employes on pensions.

All this to keep men happy, to foster morale, and to keep men with us when they develop efficiency.

Not extravagance

Do such things seem extravagant? They are not. All those extra dollars save more dollars for our buyers.

They result in the cars you see, in the prices and values we offer. Nothing else in the field can compare.

Those values have resulted in a demand for 150,000 cars per year. That volume cuts our costs in two, as compared with limited production.

The cause of over-prices — under-values — is not lavish expenditure.

It is

Limited production,
Heavy overhead,
Out-of-date machinery,
Antiquated methods,
Non-economical plants,
Transient labor,
Discontented workers.

We've eliminated those things. We've done it at what seems to you a heavy cost per car. But each of those extra dollars saves $5, we believe. Note what values and what prices have resulted. Note the amazing demand—the overwhelming demand—it has brought for Studebaker cars.

Don't Buy Blindly

Studebaker is today the leader in the fine-car field.

It has made this concern the largest builder of quality cars in the world.

You can find nothing in cars at $1,000 or over to compare with Studebaker values.

Studebaker sales have almost trebled in the past three years. The growing demand is the sensation of Motordom.

For 72 years the name Studebaker has stood for quality and class. But never so much as today.

Then don't buy a car at $1,000 or over without learning what we offer.

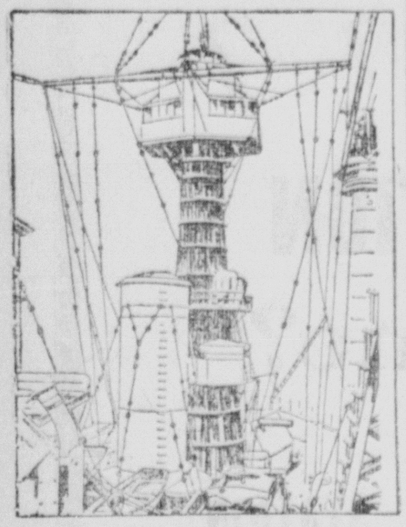
What the World Is Doing

AS SEEN BY POPULAR MECHANICS MAGAZINE

Insulators on Warship Like Strings of Beads

Every rope and stay of the "Colorado," Uncle Sam's new electrically driven warship, is thoroughly insulated, the knobs



giving it the appearance of being decorated with strings of large beads. Because of the great amount of current generated aboard the vessel and also because the radio is so necessary for its guidance, no electrical leakages can be permitted anywhere aboard. According to navy officials, the craft is one of the best insulated ships afloat.

* * *

Cities Half Century Hence to be "Built in Air"

Moving the calendar ahead fifty years, some noted experts see American cities with towering skyscrapers beside which even the tallest and most beautiful buildings of today will seem very ordinary. Even the small towns will have structures as large as those now considered huge. Street traffic will have been almost eliminated, workers will travel in subways, dirigibles, or on elevated roads at high speed. The telephone will have added improvements. Radio sets will be essential in every office and home. Houses will be heated by electricity in a few minutes, and little coal will be used in either homes or office buildings. The camera will have been discarded for pocket motion-picture outfits, and "movies" in the theaters will have been given speech. College students will report their lessons by wireless, and ministers will broadcast their sermons.

* * *

Automatic Gear to Replace Clutch in Autos

In the invention in England of an automatic automobile gear, which dispenses with the clutch, gear box, and the usual type of rear-drive axle, certain engineers see the beginning of a new era in the industry that will be marked by many revolutionary changes in the vehicle's mechanism. The device is said to instantly adjust itself to loads and grades without attention from the driver.

* * *

Phone Receiver Held to Ear by Bracket; Frees Hands

Free use of both hands is permitted a person using a telephone equipped with a folding steel arm recently invented, that holds the receiver to the ear. Clamped to the stand, it is easily adjusted to any position desired. With a single movement of the arm, the receiver hook is raised to signal the operator. To dis-

connect, the holder is folded back. Its weight is counterbalanced by a plate fitted under the telephone.

A Ski Toboggan

The exhilarating sport of sliding downhill on the snow crust has much to commend it. It also has it dangers, as the crust softens toward spring, and a heavy sled is liable to break through, catapulting its passengers headlong into the frozen snow, which breaks up and presents jagged cutting edges capable of in-

flicting considerable injury. A sled that is so built as to practically eliminate this danger is shown in the drawing.

It is made from a pair of old skis, securely fastened together by means of three crosspieces and two diagonal braces, as shown in the upper details. The top board and foot rail are attached to this framework by means of wood screws, and a hole is drilled through the end of each ski to take a ¼-in. rope. This sled will slide just as easily and just as far as any other sled, and will not break through the snow crust, or turn over, due to the width of the runners. It is also light in weight and can be easily managed by children.

* * *

Cleaning an Oil-Soaked Belt

To clean an oil-soaked belt, coil the belt loosely in a box or tub and fill the box with whiting; being sure to get the whiting between the surfaces for the entire length. Let it remain thus overnight, and the whiting will absorb the oil and leave the belt clean.

EXEMPT ITEMS ARE SHOWN IN INCOME TAX SCHEDULES.

Not infrequently taxpayers include in their income tax returns items that are specifically exempt from taxation. Among these are the following:

Proceeds of life insurance policies paid upon the death of the insured.

The value of property acquired by gift, bequest, demise or descent. The income from such property, however, is taxable.

Returns of premiums of life insurance, endowment, or annuity contracts. Amounts received through accident or health insurance, or under workmen's compensation acts for personal injuries or sickness, plus the amount of damages received, whether by suit or agreement, on account of such injuries or sickness.

Amounts received as compensation, family allotments and allowances under the provisions of the war risk insurance and the vocational rehabilitation acts.

Pensions from the United States for the services of the beneficiary or another in the military or naval service in time of war.

A bouns paid by a State to its residents who served in the military or naval services during the war with Germany.

Allowances, whether paid by the Government or a person to one who performed no duties, as, for example to a widow in recognition of the services rendered by her husband, are considered gratuities, or gifts, and are not taxable. The rental value of a dwelling and appurtenances thereof furnished a minister of the gospel as part of his compensation is exempt from taxation.

Dividends or interest, not in excess of $300 received by individuals during the years 1922 to 1926,, inclusive, from domestic building and loan associations, operated exclusively for the purpose of making loans to its members, are exempt from tax.

Salaries paid by a State to its officers or employees.

Tax free income need not be included in gross income, nor need it be mentioned in an income tax return.

Taxpayers who prepare and file their income tax returns for the year 1923 early have a decided advantage over procrastinators. A little time and thought now in the preparation of a return is excellent insurance against errors, which result to the detriment of taxpayers and government. The filing period ends at midnight, March 15, 1924.

S. E. J. COX GIVEN FIVE YEAR SENTENCE

Houston, Texas, Jan. 29.—S. E. J. Cox, who swung across the Texas oil promotion sky in 1917 with the brilliance of a meteor, has crashed to earth. In a few days he will go to Leavenworth to begin serving his sentences for alleged frauds.

"I can do nothing else," he told newspapermen when asked if he would withdraw his appeal at Fort Worth and begin serving his sentence, "I have no money with which to carry on the fight."

His resolution came after he had been sentenced today to five years in prison by Judge J. C. Hutcheson, Jr., and fined $15,000 for his part in the Blue Bird Oil corporation case, in which a jury found him guilty yesterday. The sentence is to run concurrently with the one of eight years assessed against him in Fort Worth.

E. O. Glenn, convicted with Cox, in the Dr. Frederick A. Cook case, was given his choice of paying a fine of $5,000 of $3,000 and thirty days in jail. Butler Perryman, the last of the defendants in the case, requested another day's postponement before sentence is pronounced upon him.

When the judge was through and the court room cleared Mrs. Cox let her spirit break mementarily. She went to her husband, swayed into his arms and wept softly.

Cox remarked on a curious quirk of fate, that in both instances where he has been convicted it was for a comparatively small service for someone else and not because of the operations of his own companies in which were invested hundreds of thousands of dollars sent him by persons over the country.

SHERIFF'S SALE.

THE STATE OF TEXAS,
County of Milam.

By virtue of a certain Writ of Execution issued out of the Honorable County Court of Milam county, on the 26th day of December 1923, by H. M. Roark, clerk of said court against Mrs. J. H. Gandy for the sum of Two Hundred Nineteen and 14-100 ($219.14) Dollars with 10 per cent interest per annum thereon from Dec. 4th, 1923 and $21.91 attorney's fees and costs of suit, in cause No. 4900 in said Court, styled Schiller Buick Company, a firm of which A. E. Schiller is owner and manager versus Mrs. J. H. Gandy and placed in my hands for service, I. D. S. Rogers as Sheriff of Milam county, Texas, did on the 26th day of December, 1923, levy on certain Real Estate, situated in Milam county described as follows, to-wit:

All that certain tract of land being and situated in the county of Milam and State of Texas and a part of the J. A. De Pena 11 league survey; beginning N. 51 W. 65 vrs. from the S. W. cor. of J. A. Hopkins survey for the N. E. cor. of this survey and running thence S 19 W. 849 vrs. to the S. E. cor. of Elm brs. S. 11 W. 95 vrs. and another N. 88 W. 29 vrs. thence N 71 W. 900 vrs. to a cor. a hackberry tree brs. N 64 E. vrs. and an Elm brs. N. 25 W. 3 1-2 vrs. thence N. 19 E 40 to vrs to a corner an Elm brs. S. 80 W. 4 vrs. thence N. 71 W. 420 vrs. to the creek for the SW. corner an ash brs. S 88 E. 3 vrs. and an Elm brs N. 33 7 1-2 vrs, thence up the creek with its meanders as base line 640 vrs. to a corner, thence S. 19 E. 160 vrs. to the NW. cor. an Elm brs. S 88 E. 2 vars and another brs. N. 53 E. 3 vrs. thence S. 71 E. 1510 vrs. to the place of beginning, containing in all 100 acres of land and levied upon as the property of said Mrs. J. H. Gandy, and on the first Tuesday in February 1924, the same being the 5th day of February, 1924, at the Court House door of Milam county, in the City of Cameron, Texas between the hours of ten A. M. and four P. M., I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. J. H. Gandy by virtue of said levy and said Writ of Execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald a newspaper published in Milam county.

Witness my hand, this 26th, day of December 1923.

D. S. ROGERS,
Sheriff of Milam County, Texas

BASKETBALL TOURAMENT ROCKDALE FEBRUARY 1-2

FINAL PLANS ARE MADE FOR ATHLETIC EVENT OF MILAM.

Final arrangemtns for the boys basket ball tournament to be held in Rockdale February 1st and 2nd were completed at a meeting of the coaches in the county superintendent's office last Saturday.

According to the plan adopted all competing teams will meet at Rockdale Friday morning at 9:30 and draw for an opponent. The games then will be played off in the order in which they are drawn. The first game will be played at 10 o'clock Friday morning. The semi-finals will be played Saturday morning.

Tiny Keen, Captain of last years basket ball team at A. & M. College, will referee all games.

An admission fee will be charged to all the games to apply on the expense of the tournament.

Nine schools has paid the necessary fees to enter the tournament and all have strong teams. Cameron, Rockdale, Thorndale, Yarrellton, Gause, Sharp, Buckholts, San Gabriel and Jones Prairie have all expressed their intentions of being on hand for the tournament.

Although no provision is made by the Intersholastic League for girl's basket ball a county tournament similar to the tournament for the boys will be held in Rockdale on February 22nd and 23rd. This was agreed upon by a number of coaches of girls teams in a meeting held in Cameron last Saturday. H. B. Hughes, county director of athletics, was given authority to outline the plan for the tournament, and go ahead with making provisions for it. It is impossible to form the plan until it is known just how many schools desire to enter. Nine schools have thus far asked to be entered, and those wishing to make entry are requested to notify Mr. Hughes at Rockdale at once.

It is the plan, now, to have all the teams come together in Rockdale on the above date and determine a championship in the same way that the boys will decide their championship in Rockdale Friday and Saturday. However if too many teams enter some will have to meet in elimination games before coming to the tournament. An outside referee will be secured to officate all games held at the tournament.

In order to compete in the tournament the school must be a member of the Interscholastic League. No special fee will be charged as is the case in the tournament for the boys. Players will be under the eligibility rules of the League.

1923 FORD PRODUCTION MORE THAN 2,000,000.

Detroit, Mich., Jan. 26.—Final production figures for 1923, just made public by the Ford Motor Company, show a total of 2,200,682 Ford products for the year.

Of this number, 2,090,959 represents Ford cars and trucks alone. The output of Fordson tractors totaled 101,898, while 7,825 Lincoln cars were manufactured, establishing a new yearly record.

Every branch of the Ford output showed a decided increase over 1922. In the case of Ford cars and trucks this amounted to 739,626, or an increase of more than 50 per cent. Reflecting greater demand in both agricultural and industrial fields, Fordson tractor production rose from 68,985 in 1922 to 101,898 for the year just ended.

Demand for Lincoln cars like-wise has continued to grow, 1923 bringing an increase of 2,553 over 1922, when 5,378 were produced.

In spite of the substantial increase in output during the last year, Ford officials say it was impossible to meet dealers' requirements during the spring and summer months, when orders for 350,000 Ford cars and trucks could not be filled.

Reports now being received from Ford branches and dealers indicate the demand for 1924 will be even greater than it was during 1923.

NOTICE IN PROBATE.
THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at leas once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE.
THE STATE OF TEXAS.

To all Persons interested in the Estate of Gerring Manley, a boy 14 years of age, Robt. Manley, a boy 12 years of age, and Bessie Manley, a girl nine years of age. G. W. Manley has filed in the County Court of Milam County, an application for Letter of Guardianship in the Estate of the above named children which will be heard on the 4th day of February, 1924, at the Court House thereof, in the City of Cameron at which time all persons interested in said Estate may appear and contest said application, if they see proper.

Here fail not, under penalty of the aw, and of this Writ make due return.

Given under my hand and seal of office, in the City of Cameron the 8th day of January A. D. 1924.

Attest: H. M. ROARK,
County Clerk of Milam County.

Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. & By all means have your physician examine your kidneys at least twice a year.

SPOTLIGHT IS ON CAR DEALER TODAY.

"There is a fast-growing public consciousness that the secret of satifaction in car ownership lies with the local dealer," says G. C. White of the White-House Motor Company.

"The numerous and radical recent changes in automobile design and construction, the tremedous production of cars, the multiplicity of models and the acceleration of the whole industry have thrown squarely upon the local dealer responsibility for local satisfactory automotive transportation.

"The good automobile dealer of today is the one who most completely meets these various responsibilities to his local market."

WHY BANKS?

LESSON IV

By J. H. PUELICHER, Chairman,
Committee on Public Education, American Bankers Association.

J. H. Puelicher

Formerly *the saver paid* to have his money kept in a safe place. Today *he is paid* interest by banks which keep his savings safe. Is this interest on money, saved and deposited in the bank, the only gain to the depositor from saving?

MONEY SAVED AND DEPOSITED IN BANK = funds for the banker to loan out on farm mortgages, land bank or other farm bonds; railroad, municipal or government bonds; or notes of farmers, merchants and manufacturers. Therefore

SAVING = assisting the farmer to raise crops; the railroads to run trains; the town, city, state or nation to build schools for the children of the depositor and his fellow citizens; or construct water works or other public enterprises.

Saving also equals helping the butcher, baker and grocer to do business so that food is brought within reach of the home; and the manufacturer to make shoes, clothing and the many things people need to live.

Every saver, therefore, is not only putting away money against a rainy day and earning interest on it meanwhile, but he is also making it possible for himself and others to have the luxuries, comforts and necessaries of life,—to enjoy all the advantages of a greater and better civilization. Thus through banks every saver gains a great deal more than merely interest on his money.

CHEEVES BROS.

ON THE SQUARE

AFTER INVENTORY SALE

CHEEVES BROS.

ON THE SQUARE

After Inventory we find a great many short lots of merchandise we are now throwing on the market for quick sale in order to make room for the big spring stock. Regardless of cost or profit these odds and ends must be sold. They include the best, and the limit to your saving in this sale can not be over estimated.

In these days of High Prices and advancing market prices you will be surprised to note the low prices we are making in this sale.

Good Staple Merchandise--Selling below wholesale cost.

This is the sale, the time, the place for you to buy. We could say Big, Better and Best, yet words utterly fail in giving you a real discription of the Good Merchandise and the extremely Low Prices included in this After Inventory Sale, of short lots of merchandise.

Sale Now Going On

We Have the Goods--Here Are the Prices

Act on your better judgment and lay aside a few of these bargains for the rainy day. The trend of the market means high prices for the next year—But these must be sold—Profit or No Profit—Come in today while this Great Sale is running and supply your Dry Goods need.
